Pearson Active Learn Hack:

Actionable Assessment Michael McDowell, Starr Sackstein, 2026-03-19 Effective teaching involves checking and responding in the moment to learning as you discover which students are getting it and which ones need more support But how do you make decisions on the fly based on information gleaned during class In this handy playbook Sackstein and McDowell help you collect formative assessment data in real time and then they provide step by step flowcharts and images to demonstrate how best to proceed once you have the data you need They offer set plays for secondary students below at and above standards They also provide specific instructional advice for when the challenges occur at the beginning middle and end of lessons or in full group or small group settings And finally they cover ways to shift instruction based on student needs engagement and metacognitive opportunities With this helpful resource you ll have a plethora of instructional moves that work in different situations so you can continually adjust to where students are and help them truly grow in their learning
