**Radioactive Waste Management** ,1981 **Costing Methods and Funding Schemes for Radioactive Waste Disposal Programmes** IAEA,2020-11-11 Reliable methods for estimating the cost of a radioactive waste disposal programme are crucial to ensure that the necessary funding for completing the disposal programme is available Estimating the cost for disposal is however a challenging and complex task Disposal programmes themselves are complex and long term undertakings and conditions can be expected to change significantly over the time span during which a disposal programme is developed and implemented This publication provides Member States with information on developing cost estimates for a disposal programme and establishing funding mechanisms It will help readers in becoming informed clients by familiarizing themselves with the approaches and complexities in cost estimates and funding mechanisms for disposal The publication is applicable to all waste categories and both near surface and geological disposal It contains relevant examples and case studies from national programmes The cost figures are intended to give an indication of the possible cost of certain parts or aspects of the disposal programme rather than to compare different disposal programmes costs **Energy Research Abstracts** ,1992 **Applied Isotope Hydrogeology** F.J. Pearson,W. Balderer,H.H. Loosli,B.E. Lehmann,A. Matter,T. Peters,H. Schmassmann,Roland U Gautschi,1991-04-16 In 1980 Nagra the Swiss National Cooperative for the Storage of Radioactive Waste began a comprehensive field investigation programme to assess the feasibility and safety of a repository for the final disposal of high level radioactive waste in northern Switzerland An international team of scientists has carried out a comprehensive study on the isotope hydrogeology of deep groundwaters One of the major implications of this work pertains to the storage of radioactive waste The study goes far beyond an in depth regional study as it draws together the results of diverse techniques many of which have been re evaluated or further developed This book presents in great detail the results of one of the most comprehensive isotope hydrology studies ever undertaken *Affordable Water Supply and Sanitation* John Pickford,1995 This work examines the different aspects of and the issues surrounding affordable water supply and sanitation It examines both software aspects people communities health management and institutions as well as technological considerations such as waste management **Draft Estimates of Expenditure on Recurrent and Development Accounts for the Financial Year ...** Malawi,2007 *An Introduction to Nuclear Waste Immobilisation* Michael I. Ojovan,William E. Lee,Stepan N. Kalmykov,2019-04-04 An Introduction to Nuclear Waste Immobilisation Third Edition examines nuclear waste issues including natural levels of radionuclides in the environment the geological disposal of waste forms and their long term behavior It covers all important aspects of processing and immobilization including nuclear decay regulations new technologies and methods The book has been updated to include a discussion of the disposal of nuclear waste from non energy sources also adding a chapter on the nuclear fuel cycle Significant focus is given to the analysis of the various matrices used especially cement and glass with further discussion of other matrices such as bitumen

The book's final chapter concentrates on the performance assessment of immobilizing materials and safety of disposal providing a full range of resources needed to understand and correctly immobilize nuclear waste. Focuses on core technologies and an integrated approach to immobilization and hazards. Includes new scientific findings on wasteform performance and novel technological developments. Provides expanded coverage on decommissioning waste including clearance of bulk materials from regulatory control and novel processing approaches. Focuses on different matrices used in nuclear waste immobilization including cement bitumen glass and new materials.
