PROPOSAL PREPARATION CHECKLIST

Prior to electronic submission, the Office of Research and Sponsored Programs will conduct an administrative review to ensure the proposal complies with the GPG requirements. The checklist is not intended to be an all-inclusive repetition of the required proposal contents and associate proposal preparation guidelines. It is, however, meant to highlight certain critical items so they will not be overlooked when the proposal is prepared.

General:

- Proposal is responsive to the program announcement/solicitation or to the GPG.
- If a proposal has been previously declined and is being resubmitted, proposal has been revised to take into account the major comments from the prior NSF review.
- Proposed work is appropriate for funding by NSF, and is not duplicative of, or substantially similar to, a proposal already under consideration by NSF from the same submitter.

Single Copy Documents:

- Information about Principal Investigators/Project Directors (except for the required information regarding current or previous Federal research support and the name(s) of the PI/co-PI, submission of the information is voluntary).
- Authorization to Deviate from NSF Proposal Preparation Requirements (if applicable).
- List of Suggested Reviewers, or Reviewers Not to Include (optional).
- Proprietary or Privileged Information Statement (if applicable).
- Proposal Certifications (submitted by Denise Ehlen at the time of the electronic submission.)
- SF LLL, Disclosure of Lobbying Activities (if applicable).

Cover Sheet:

- Program Announcement/Solicitation Number/Closing Date (If the proposal is not submitted in response to a specific program announcement/solicitation, proposers must enter "NSF Grant Proposal Guide.")
- Specific NSF program(s) identified (if known).
- For renewal proposals, previous award number entered.
- Related preliminary proposal number entered (if applicable).
- Check Appropriate Box(es), and provide requisite information, if the proposal includes any of the items identified. Note in particular, proposals that include use of human subjects or vertebrate animals require additional information to be submitted with these types of proposals.
- Indicate if the proposal is a collaborative being submitted from one or multiple organizations, or if it is not a collaborative. Indicate the type of proposal being developed.

B. Project Summary:

- Note limitation of one page.
