How to Make Patent Drawings Jack Lo, David Pressman, 2015-06-30 Save on patent drafting by doing it yourself. If you're trying to patent your invention, you know you need a drawing to complete your USPTO application. Professional patent drafters charge per sheet for their patent drawing services, and it can cost you hundreds of dollars. But with *How to Make Patent Drawings*, you'll be able to complete this crucial step and create a patent drawing that complies with the strict rules of the USPTO. This book is a good companion for *Patent It Yourself*. The 7th edition is completely updated to reflect recent changes to patent law and the newest advances in technical drawing. It includes all necessary forms with step-by-step instructions.
