and undermine the primary brand's single message power. In this book you have a worthy tutor. The combo of father and daughter has done justice to define what the ideal branding looks like. What we have done is to break down the book into smaller, easy-to-read points. I hope you enjoy reading this summary and gain valuable lessons. **DISCLAIMER** This is not the official book as published by the original authors; it is intended to provide key points for the reader with limited time.
