Media and Society Nicholas Carah, 2021-05-05 How do media platforms organise social life How do media empower or disempower our identities How do we understand the impact of algorithms How are media audiences produced and managed Media Society introduces the role of the media in social cultural political and economic life unpacking the increasing entanglement of digital media technology with our everyday lives It explores the relationship between meaning and power in an age of participatory culture social media and digital platforms An age where we both create and consume content and where we both give and gain attention translating our social lives into huge flows of data Associate Professor Nicholas Carah shows how a critical approach to power helps us not only to understand the role media play in shaping the social but also how we can become critically informed media citizens ourselves able to participate and be heard in meaningful ways Media Society expertly introduces all the key concepts and ideas you need to know and then puts theory into practice by tying them to contemporary case studies From using Ghostery to track how your personal data is being collected to exploring misinformation on social media via Youtube to the reality of internships and freelancing in today's digital media industry It is essential reading for students of media communication and cultural studies *Two Titans, One City* Andrew

Reekes, 2017-02-28 Two famous and powerful men of the late Victorian and early Edwardian era Joseph Chamberlain 1836 1914 and George Cadbury 1839 1922 towered over one of the great cities of the British Empire Birmingham Together they offer a fascinating window into the rapidly changing world in which they lived and the preoccupations of their generation Throughout their lives both men pursued a common mission to improve the lives of their fellow citizens and zealously pursued a philosophy of social and civic responsibility rooted in nonconformist religion However these were very different characters sharing a single stage Having aggressively built a fortune in engineering as a young man Chamberlain entered civic politics and during three terms as mayor he made Birmingham the global model of good civic governance But his ambitions stretched beyond Birmingham to Westminster where he became the first great middle class statesman of modern Britain and the leading Radical of the age although his career ended in failure and he never achieved the highest office he craved Throughout this turbulent career Birmingham sometimes referred to as his Duchy remained Chamberlain's political base and his family home It was here after an incapacitating stroke Chamberlain was buried following a funeral where the size of the crowds brought the whole city to a halt It was also here in Birmingham that Cadbury created his fortune and where his programmes for social improvement caught the attention of the world Taking control of the confectionary business established by his Quaker family Cadbury built it into one of the first great global brands The wealth he created allowed Cadbury to introduce far sighted benefits for his workers including the visionary model village of Bournville which was his response to the jerry built slum housing of his workforce Then around the houses schools and green open spaces of Bournville Cadbury created a distinct community founded on strict adherence to his Quaker values of temperance and

industrial discipline Meanwhile on the national stage Cadbury successfully campaigned to improve the lives of men and women labouring in sweatshops and worked for the introduction of pioneering social reforms including non contributory old age pensions Throughout this time unlike Chamberlain he abhorred party politics and his pacifist views brought them into conflict during the Anglo Boer War which Chamberlain championed By his death Cadbury was lauded as one of the leading philanthropists of his age So both Chamberlain and Cadbury championed political and social reform based on their experiences in Birmingham and subsequently became important figures of British life Yet for all that they had in common they were radically different from each other Their ambitions and their methods for effecting change took divergent routes and as a result from time to time they came into conflict in the arena of national affairs and in Birmingham where they were reluctant neighbours

Two Titans One City is the first study to explore compare and contrast the lives of these two very famous but very different figures Historian and author Andrew Reekes uses archives correspondence and contemporary accounts to reveal the fascinating lives and rivalries of these two important figures of their age *Library of Congress Subject Headings* Library of Congress,2001
