state owned businesses In all the contributors bring extensive experience with China and all see commonalities beneath the obvious and deep differences between the two nations Emerging from an ongoing face to face dialog the book unites this unusual group to uncover genuine areas of overlap between the politics of the two nations without diminishing the very real distance separating them The essays included discuss topics such as China s democratic prospects and the rise of local village elections the role of interest groups Chinese political and legal reforms and developments regarding intellectual property rights and environmental regulation Western and Chinese political philosophy and Sino American foreign policy interactions
