Reyner Banham Historian Of The Immediate Future:

Reyner Banham Nigel Whiteley, 2003-08-29 An intellectual biography of the cultural critic Reyner Banham Reyner Banham 1922 88 was one of the most influential writers on architecture design and popular culture from the mid 1950s to the late 1980s Trained in mechanical engineering and art history he was convinced that technology was making society not only more exciting but more democratic His combination of academic rigor and pop culture sensibility put him in opposition to both traditionalists and orthodox Modernists but placed him in a unique position to understand the cultural social and political implications of the visual arts in the postwar period His first book *Theory and Design in the First Machine Age* still in print with The MIT Press after forty years was central to the overhaul of Modernism and it gave Futurism and Expressionism credibility amid the dynamism and change of the 1960s This intellectual biography is the first comprehensive critical examination of Banham s theories and ideas not only on architecture but also on the wide variety of subjects that interested him It covers the full range of his oeuvre and discusses the values enthusiasms and influences that formed his thinking

Changing Representations of Nature and the City Gabriel N. Gee, Alison Vogelaar, 2018-07-04 The turn of the 1960s 70s characterized by the rapid acceleration of globalization prompted a radical transformation in the perception of urban and natural environments The urban revolution and related prospect of the total urbanisation of the planet in concert with rapid population growth and resource exploitation instigated a surge in environmental awareness and activism One implication of this moment is a growing recognition of the integration and interconnection of natural and urban entities The present collection is an interdisciplinary inquiry into the changing modes of representation of nature in the city beginning from the turn of the 1960s 70s Bringing together a number of different disciplinary approaches including architectural studies and aesthetics heritage studies and economics environmental science and communication the collection reflects upon the changing perception of socio natures in the context of increasing urban expansion and global interconnectedness as they are were manifest in specific representations Using cases studies from around the globe the collection offers a historical and theoretical understanding of a paradigmatic shift whose material and symbolic legacies are still accompanying us in the early 21st century

Modern Architectural Theory Harry Francis Mallgrave, 2009-07-13 Modern Architectural Theory is the first book to provide a comprehensive survey of architectural theory primarily in Europe and the United States during three centuries of development In this synthetic overview Harry Mallgrave examines architectural discourse within its social and political context He explores the philosophical and conceptual evolution of its ideas discusses the relation of theory to the practice of building and most importantly considers the words of the architects themselves as they contentiously shaped Western architecture He also examines the compelling currents of French rationalist and British empiricist thought radical reformation of the theory during the Enlightenment the intellectual ambitions and historicist debates of the nineteenth century and the distinctive varieties of modern theory in the twentieth century up to the profound social upheaval of the 1960s Modern Architectural Theory challenges many assumptions about architectural modernism and uncovers many new dimensions of the debates about modernism

The Moulton Bicycle Bruce D. Epperson, 2018-05-31 In 1963 British inventor Alex Moulton 1920 2012 introduced an innovative compact bicycle Architectural Review editor Reyner Banham 1922 1988 predicted it would give rise to a new class of cyclists young urbanites riding by choice not necessity Forced to sell his firm in 1967 Moulton returned in the 1980s with an even more radical model the AM his acclaim among technology and design historians owed much to Banham s writings The AM s price tag some models cost many thousands of dollars has inspired tech savvy cyclists to create hot rod compact bikes from Moulton inspired shopper cycles of the 1970s a trend also foreseen by Banham who considered hot rod culture the folk art of the mechanical era The author traces the intertwined lives of two unusually creative men who had an extraordinary impact on each others careers despite having met only a few times

The Banham Lectures Jeremy Aynsley, Harriet Atkinson, 2009-11 A collection of essays by leading critics who are inspired by Reyner Banham s revolutionary work Each critic presents their own analysis of a key issue in design architecture or art The essays explore topics such as clothes and carpets photography the history of bedrooms how cities grow the architecture of museums dematerialisation and the future of design
