Indonesia's Maritime Policy from Independence to 2019 Indra Alverdian,2024-08-02 Alverdian explores how a distinct national character of maritime governance has influenced the nature of Indonesia s aspiration to go beyond archipelagic towards a maritime nation through focusing on the intersection between the nation s political culture historical changes and geopolitical contexts which gave rise to the primacy of the theme of unity in the nation s discourse The main theme of this research is the three pillar framework of the Tanah Air concept which includes the political culture of persatuan nasional national unity the strategic culture of cakra manggilingan turning of the times from dark to golden periods and the geopolitical context of posisi silang dunia world crossroad position The findings of this publication indicate the dominant influence of Javanese political culture philosophy values and traditions on the distinct character of Indonesia s maritime orientation Specifically Javanese political philosophy and traditions within each pillar of Tanah Air have influenced continuity rather than change in the evolution of Indonesia s maritime policy This book helps readers understand how the defining theme of unity in national political culture has shaped the evolution of Indonesia s maritime policy from 1945 to 2019 It illustrates how the continuous influence of the theme of national unity as devised by the political elites through history has addressed the realities of the archipelago s

geography and it is significant from both an academic and practical policy perspective A book designed for academics and the general public interested in gaining greater insight and knowledge on Indonesia s maritime policy and maritime nation aspirations

Challenging the Secular State Arskal Salim,2008-09-30 Challenging the Secular State examines Muslim efforts to incorporate shari a religious law into modern Indonesia s legal system from the time of independence in 1945 to the present The author argues that attempts to formally implement shari a in Indonesia the world s most populous Muslim state have always been marked by tensions between the political aspirations of proponents and opponents of shari a and by resistance from the national government As a result although pro shari a movements have made significant progress in recent years shari a remains tightly confined within Indonesia s secular legal system The author first places developments in Indonesia within a broad historical and geographic context offering a provocative analysis of the Ottoman empire s millet

system and thoughtful comparisons of different approaches to pro shari a movements in other Muslim countries Saudi Arabia Iran Pakistan He then describes early aspirations for the formal implementation of shari a in Indonesia in the context of modern understandings of religious law as conflicting with the idea of the nation state Later chapters explore the efforts of Islamic parties in Indonesia to include shari a in national law Salim offers a detailed analysis of debates over the constitution and possible amendments to it concerning the obligation of Indonesian Muslims to follow Islamic law A study of the Zakat Law illustrates the complicated relationship between the religious duties of Muslim citizens and the nonreligious character of the modern nation state Chapters look at how Islamization has deepened with the enactment of the Zakat Law and demonstrate the incongruities that have emerged from its implementation The efforts of local Muslims to apply shari a in particular regions are also discussed Attempts at the Islamization of laws in Aceh are especially significant because it is the only province in Indonesia that has been allowed to move toward a shari a based system The book concludes with a review of the profound conflicts and tensions found in the motivations behind Islamization
