

A long, narrow hallway with a wooden floor and a grid ceiling, receding into the distance. The hallway is flanked by doors on both sides, and the perspective is from the center of the hallway looking down its length. The lighting is warm and focused on the floor, creating a sense of depth and perspective. A blue exit sign is visible on the ceiling in the distance.

The Psychic Hold of Slavery Soyica Diggs Colbert, Robert J. Patterson, Aida Levy-Hussen, 2016-07-20 What would it mean to get over slavery Is such a thing possible Is it even desirable Should we perceive the psychic hold of slavery as a set of mental manacles that hold us back from imagining a postracist America Or could the psychic hold of slavery be understood as a tool helping us get a grip on the systemic racial inequalities and restricted liberties that persist in the present day Featuring original essays from an array of established and emerging scholars in the interdisciplinary field of African American studies The Psychic Hold of Slavery offers a nuanced dialogue upon these questions With a painful awareness that our understanding of the past informs our understanding of the present and vice versa the contributors place slavery's historical legacies in conversation with twenty first century manifestations of antiblack violence dehumanization and social death Through an exploration of film drama fiction performance art graphic novels and philosophical discourse this volume considers how artists grapple with questions of representation as they ask whether slavery can ever be accurately depicted trace the scars that slavery has left on a traumatized body politic or debate how to best convey that black lives matter The Psychic Hold of Slavery thus raises provocative questions about how we behold the historically distinct event of African diasporic enslavement and how we might hold off the transhistorical force of antiblack domination

**The American Climate Emergency Narrative** Johan Höglund, 2024-07-19 The American Climate Emergency Narrative reveals how much of what has been called climate fiction casts ecological breakdown as an emergency for American capitalist modernity rather than for the planet The book traces the origins of this narrative back to the arrival of settler capitalism in America when the understanding of the planet and its people as extractable resources was established Since then this narrative has elided the violent history of the climate crisis while at the same time leveraging the military as a bulwark against the crises capitalism has caused the people it has uprooted even the ailing planet itself This is an open access book

Hot Equations Jesse S. Cohn, 2024-04-23 Inspired by the new diversity of science fiction fantasy and horror in the twenty first century Hot Equations Science Fantasy and the Radical Imagination on a Troubled Planet confronts the kinds of literary and political realism that continue to suppress the radical imagination Alluding both to the ongoing climate catastrophe and to Tom Godwin's The Cold Equations that famous touchstone of hard science fiction Hot Equations reads the crises of our post normal moment via works that increasingly subvert genre containment and spill out into the public sphere Drawing on archives and contemporary theory author Jesse S Cohn argues

that these imaginative works of science fiction fantasy and horror strike at the very foundations of modernity calling its basic assumptions into question They threaten the modern order with a simultaneously terrible and promising anarchy pointing to ways beyond the present medical ecological and political crises of pandemic climate change and rising global fascism Examining books ranging from well known titles like *The Hunger Games* and *The Caves of Steel* to newer works such as *Under the Pendulum Sun* and *The Stone Sky* Cohn investigates the ways in which science fiction fantasy and horror address contemporary politics social issues and more The cold equations that established normal life in the modern world may be in shambles Cohn suggests but a *New Black Fantastic* makes it possible for the radical imagination to glimpse viable possibilities on the other side of crisis [Transactions and Encounters](#) Roger Luckhurst, Josephine McDonagh, 2002 *Transactions and Encounters* brings together essays by leading scholars exploring the complex interface of culture and science in the Victorian era *Foundation*, 1998 **The American Imperial Gothic** Dr Johan Höglund, 2014-04-28 The imagination of the early twenty first century is catastrophic with Hollywood blockbusters novels computer games popular music art and even political speeches all depicting a world consumed by vampires zombies meteors aliens from outer space disease crazed terrorists and mad scientists These frequently gothic descriptions of the apocalypse not only commodify fear itself they articulate and even help produce imperialism Building on and often retelling the British imperial gothic of the late nineteenth century the American imperial gothic is obsessed with race gender degeneration and invasion with the destruction of society the collapse of modernity and the disintegration of capitalism Drawing on a rich array of texts from a long history of the gothic this book contends that the doom faced by the world in popular culture is related to the current global instability renegotiation of worldwide power and the American bid for hegemony that goes back to the beginning of the Republic and which have given shape to the first decade of the millennium From the frontier gothic of Charles Brockden Brown s Edgar Huntly to the apocalyptic torture porn of Eli Roth s *Hostel* the American imperial gothic dramatises the desires and anxieties of empire Revealing the ways in which images of destruction and social upheaval both query the violence with which the US has asserted itself locally and globally and feed the longing for stable imperial structures this book will be of interest to scholars and students of popular culture cultural and media studies literary and visual studies and sociology **Other People's Pain** Martin Modlinger, 2011 This series promotes inquiry into the relationship between literary texts and their cultural and intellectual contexts in theoretical interpretative and historical perspectives It has developed out of a research initiative of the German Department at Cambridge University but its focus of interest is on the European tradition broadly perceived Its purpose is to encourage comparative and interdisciplinary research into the connections between cultural history and the literary imagination generally **The Wellsian**, 2007 **Desire and Time in Modern English Fiction: 1919-2017** Richard Dellamora, 2020-08-04 Beginning with Somerset Maugham s innovative sexually dissident South Seas novel and tales and Alfred Hitchcock s gay inflected revisiting of the Jack the Ripper sensation

in silent film this book considers the continuing presence of the past in future oriented work of the 1930s and the Second World War by Sylvia Townsend Warner Virginia Woolf George Orwell and the playwright and novelist Patrick Hamilton The final three chapters carry the discussion to the present in analyses of works by lesbian postcolonial and gay authors such as Sarah Waters Amitav Ghosh and Alan Hollinghurst Focusing on questions about temporality and changes in gender and sexuality especially gay and lesbian straight and queer following the rejection of the Victorian patriarchal marriage model this study examines the continuing influence of late Victorian Aestheticist and Decadent culture in Modernist writing and its permutations in England
