Runaways Brian K. Vaughan, 2005 When six young friends discover that their parents are all secretly super powered villains they run away together and find strength in one another to overcome their evil legacy **Comics through Time** M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960 1980 Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers **Runaways Vol. 5** Brian K. journey echoes throughout ancient legend Each young woman combats her dark side and emerges stronger This quest is also a staple of American comic books Wonder Woman with semi divine powers gives us a new female centered creation story Batgirl Batwoman and Black Widow discover their enemy is the dark mother or shadow twin with the savagery they ve rejected in themselves Supergirl similarly struggles but keeps harmony with her sister From Jessica Jones and Catwoman to the new superwomen of cutting edge webcomics each heroine must go into the dark to become not a warrior but a savior Women like Captain Marvel and Storm sacrifice all to join the ranks of superheroes while their feminine powers and dazzling costumes reflect the most ancient tales *J.J. Abrams vs. Joss Whedon* Wendy Sterba,2016-12-08 J J Abrams and Joss

Whedon are two of the most imaginative and accomplished men in Hollywood As writers directors producers and series creators their credits have straddled the mediums of television and film and range across several genres from science fiction and horror to action and drama In addition to spearheading original projects like Lost and Buffy the Vampire Slayer each has also made his mark on some of the most successful franchises in popular culture from Mission Impossible Star Trek and Star Wars Abrams to Alien and the Avengers Whedon Their output both oddly similar and yet also wildly different stand at the heart of twenty first century film and television In J J Abrams vs Joss Whedon Wendy Sterba compares the parallel careers in film and television of these creative masterminds pitting one against the other in a light hearted competition With in depth discussions of their works the author seeks to determine who is the Spielberg or perhaps the Lucas of the twenty first century The author looks back upon the beginnings of both men s careers to Whedon s stint as a writer on Roseanne to Abrams early scripts for films like Regarding Henry and forward to their most recent blockbusters Avengers Age of Ultron

and Star Wars The Force Awakens This books also looks at non fantasy successes Abrams series Felicity Whedon s adaptation of Much Ado about Nothing as well as commercial failures At the heart of this study however is a tour of their genre defining hits Alias and Buffy Lost and Angel Super 8 and Serenity along with Whedon s Avengers films and Abrams rebooted Star Trek adventures Filled with sharp eyed analysis illuminating anecdotes and unexpected connections J J Abrams vs Joss Whedon will appeal to fans of either or both of its subjects and to any fan of well told tales of the fantastic on screens large or small
