About the Sample Entrepreneur Business Plan

The following sample Advanced Entrepreneur Business Plan was originally written by a class participant and subsequently modified to protect proprietary information. As it is primarily a student's work, it is not represented to be a "finished" business plan, although the presentation is in keeping with the standards for format and content. It can be used as a sample of what a business plan might contain, and as a model for constructing the various sections.

Your instructor may ask that you review certain sections and suggest improvements, modifications or additions. The purpose of such individual business plans may be different, with varied associated questions. You may also be asked to discuss what information might need to be included or deleted based on the purpose of the plan.
