**Phraseology in Foreign Language Learning and Teaching** Fanny Meunier, Sylviane Granger, 2008-02-06 This book addresses the key role of phraseology in second language acquisition and instruction It is divided into three main sections Extracting and Describing Phraseological Units investigates the role played by native and learner corpora in the extraction and description of multiword units two initial and crucial steps in informing language pedagogy Learning Phraseological Units deals with the learning aspect an oft-neglected yet essential dimension of phraseology in second foreign language pedagogy this section also addresses issues in new literacies and Recording and Exploiting Phraseological Units focuses on pedagogical tools notably monolingual and bilingual dictionaries and textbooks This stimulating collection presents cutting-edge research in the field and identifies major avenues for future theoretical and applied work It is of particular relevance to researchers and teachers interested in the patterned nature of language

**Corpora and Language Teaching** Karin Aijmer, 2009-01-14 The articles in this edited volume represent a broad coverage of areas They discuss the role and effectiveness of corpora and corpus linguistic techniques for language teaching but also deal with broader issues such as the relationship between corpora and second language teaching and how the different perspectives of foreign language teachers and applied linguists can be reconciled A number of concrete examples are given of how authentic corpus material can be used for different learning activities in the classroom It is also shown how specific learner problems for example in the area of phraseology can be studied on the basis of learner corpora and textbook corpora On the basis of learner corpora of speech and writing it is further shown that even advanced learners of English are uncertain about stylistic and text-type differences

**Multifunctionality in English**  
Zihan Yin, Elaine Vine, 2022-02-27 This edited volume provides detailed analyses of multifunctional forms in English and offers hands-on approaches exemplifying relevant implications and useful applications to language and literacy educators in TESOL, ESL, EFL, EAL, and research students in applied linguistics and education The chapters cover The multifunctionality of utterances in spoken and multimodal corpora the multifunctionality of linguistic creativity in different genres multifunctional

pronouns in hard and soft sciences and professional discourse in the university and secondary school contexts The volume also offers a comparison of the multifunctionality of verbs between ESL textbooks native written and spoken English corpora and between ESL and L1 university students in writing a particular genre comparisons of the multifunctionality of discourse markers between different registers and between L1 and L2 English speakers as well as multifunctional metadiscourse markers in different disciplines and paradigms With detailed analysis of authentic corpus data representing different varieties of English specialized use in different contexts and disciplines and practical teaching and learning applications the volume bridges theory and practice providing a creatively designed resource for students educators and researchers looking to understand multifunctional forms in English

Grammar in ELT and ELT Materials Graham Burton, 2023-06-06 This book investigates the content of the grammar syllabus typically employed in mainstream English Language Teaching Using a mixed methods approach the author examines how the syllabuses used in coursebooks are actually constructed how they evolved and how valid their contents are as a basis for teaching The research reported consists of a broad exploration of primary sources in order to outline the evolution of ELT pedagogical grammar ten interviews with key ELT authors and publishing professionals which allows for the investigation of the decision making processes underlying the choice of grammar content in ELT teaching materials and finally the presentation of case studies which examine three areas of grammar analysing the evolution of their treatment in ELT materials both historical and contemporary and comparing their current treatment to data on real learner use This book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design It will be of interest to researchers and professionals working in the fields of applied linguistics pedagogical grammar curriculum design and materials design

The Grammar and Lexis of Conversational Informal English in Advanced Textbooks María Dolores Fernández Gavela, 2015-04-01 The Grammar and Lexis of Conversational Informal English in Advanced Textbooks defends the view that the acquisition of conversational English depends highly on the kind of materials available to L2 learners The need to acquire a proficient competence in English is growing exponentially in an incessantly demanding society but it is the oral skill and more specifically the ability to communicate in everyday situations that learners are calling for The current learning process nonetheless is not particularly effective as is shown in the data collected by the Eurobarometer and published in June 2012 which shows that only 38% of the Europeans surveyed were able to maintain a conversation in English although 67% believed it to be the most useful language to learn for personal development The present study supports the idea expressed in The Common European Framework of Reference for Languages which states that a language is learnt reactively following the instructions and carrying out the activities prescribed for them by teachers and by textbooks 2001 141 Consequently these materials should reflect the everyday use of informal discourse and allow learners to analyse understand and interpret the different underlying messages conveyed by means of lexico syntactic as well as paralinguistic elements The book is divided into seven

chapters in which various different linguistic aspects of conversation are dealt with In the opening chapters spoken language is presented and approached as a multidimensional entity particularly as the sum of lexico syntactic and socio linguistic elements The following chapters provide a description of the main characteristics of conversational English based on corpus informed grammars and publications The final chapter analyses twenty ESL textbooks in order to determine how corpus data has influenced the materials designed for the acquisition of conversational discourse

**New Headway Advanced Workbook Without Key** Liz Soars,Oxford Editor,John Soars,Paul Hancock,Sylvia Wheeldon,2019 The world s best selling English course a perfectly balanced syllabus with a strong grammar focus and full support at all six levels With its proven methodology Headway is the course you can always trust The strong grammar focus clear vocabulary syllabus and integrated skills work give you lessons that really work in class Constant updates mean the material is always current and with a huge range of components available including new digital resources for interactive whiteboards you ve always got support where you need it Workbook audio available at a href <https://elt.oup.com/student/headway/cc/gbandsel>Language enwww.oup.com/elt/headway/a

**New Headway: Advanced: Teacher's Resource Book** Liz Soars,John Soars,2004-01-15 Photocopiable worksheets for every unit Full notes Warm up and extension activities

[Corpora in the Foreign Language Classroom](#),2015-07-14 The papers published in this volume were originally presented at the Sixth International Conference on Teaching and Language Corpora 4-7 July 2004 Granada Spain and reflect the latest developments that have taken place in the field of the teaching applications of text corpora with a special emphasis on their use in the foreign language classroom The book is divided into three main sections The first section sets the scene for what this collection of essays aims to be It deals with the issue of what corpus linguistics can do not only for the understanding of the nature of language itself but also for so fundamental and miraculous a matter such as language learning and language acquisition The second section tackles the issues of corpus design and corpus exploitation and provides the reader with a great variety of evidence in favour of corpora exploitation for the building of a successful teaching environment The final section deals with practical applications of corpora in the foreign language classroom Although each of the papers here reports particular experiences in very different teaching and learning contexts as a whole they show that corpora can be used on the spot in a language teaching context by teachers and learners without extensive training in computational tools and studies of linguistic features can be tailored to specific pedagogic context and learning requirements The book represents a solid contribution to linguistic studies and language teaching and it is a good example of the diversity of the scientific lines in which corpus linguistics is involved at the present moment

New Headway Advanced Student: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. New Headway Advanced Student : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. New Headway Advanced Student : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
