Scientific Investigation of Copies, Fakes and Forgeries Paul T. Craddock,2009 Scientific Investigation of Copies
Fakes and Forgeries is a comprehensive guide to the technical and scientific study of the authenticity of a wide range of
antiquities and artworks It is the first book to provide a full survey of the subject of forgery from a scientific basis examining
a wide range of materials and techniques The demand for copies fakes and forgeries is driven by rising prices in an
international marketplace The book examines the available new technologies and ever more sophisticated forging techniques
looking at production and distribution of fraudulent artworks The subject is exemplified by numerous internationally based
case studies some turning out not to be as conclusive as is sometimes believed The book is aimed at those who need to
understand the available approaches to and methods of scientific and technical authentication be they curator collector
