ethnographic research with people who both experience and treat sleep abnormalities Wolf Meyer analyzes and sharply critiques how sleep and its supposed disorders are understood and treated By recognizing the variety and limits of sleep he contends we can establish more flexible expectations about sleep and ultimately subvert the damage of sleep pathology and industrial control on our lives *addicted.pregnant.poor* Kelly Ray Knight,2015-09-17 For the addicted pregnant and poor women living in daily rent hotels in San Francisco s Mission district life is marked by battles against drug cravings housing debt and potential violence In this stunning ethnography Kelly Ray Knight presents these women in all their complex humanity and asks what kinds of futures are possible for them given their seemingly hopeless situation During her four years of fieldwork Knight documented women s struggles as they traveled from the street to the clinic jail and family court and back to the hotels She approaches addicted pregnancy as an everyday phenomenon in these women s lives and describes how they must navigate the tension between pregnancy s demands to stay clean and the pull of addiction and poverty toward drug use and sex work By creating the space for addicted women s own narratives and examining addicted pregnancy from medical policy and social science perspectives Knight forces us to confront and reconsider the ways we think about addiction trauma health criminality and responsibility *Drugs, Crime and Criminal Justice* Nigel South,1995 These two volumes part of a series cover drugs the sorts of crimes which drug use gives rise to and the way in which the criminal justice system deals with those crimes The social history of drug use is laid out and drugs as commodities with markets and outlets is also covered
