Rizal History Chapter 1 Jose Rizal:

Rizal's Life, Works, and Writings Diosdado G. Capino, Maria Minerva A. Gonzalez, Filipinas E. Pineda, 1977 **The Star-entangled Banner** Sharon Delmendo, 2005 This work looks at the problematic relationship between the Philippines and the US It argues that when faced with a national crisis or a compelling need to reestablish its autonomy each nation paradoxically turns to its history with the other to define its place in the world *José Rizal; His Life and Times* Camilo Osias, 1948 **A History of World Societies, Concise Edition, Combined** Merry E. Wiesner-Hanks, Patricia Buckley Ebrey, Roger B. Beck, Jerry Davila, Clare Haru Crowston, John P. McKay, 2020-10-07 A History of World Societies provides a concise overview of world history by sharing the cultural stories of global people all through a regional lens The Native Sky Miguel Anselmo Bernad, 2004 **Latinx Revolutionary Horizons** Renee Hudson, 2024-05-07 A necessary reconceptualization of Latinx identity literature and politics In *Latinx Revolutionary Horizons* Renee Hudson theorizes a liberatory latinidad that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution Rather than viewing Latinx as solely a category of identification she argues for an expansive historicized sense of the term that illuminates its political potential Claiming the x in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics the x points us toward Hudson contends that latinidad can signal a politics grounded in shared struggles and histories rather than merely a mode of identification In this way *Latinx Revolutionary Horizons* reads against current calls for cancelling latinidad based on its presumed anti Black and anti Indigenous framework Instead she examines the not yet here of latinidad to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere from conversion narratives and dictator novels to neoslave narratives and testimonios By comparing colonialisms she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution the Filipino People Power Revolution resistance to Trujillo in the Dominican Republic and the Cuban Revolution In pairing nineteenth century authors alongside contemporary Latinx ones Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of Jos Rizal and Martin Delany to those of Julia Alvarez Jessica Hagedorn and Leslie Marmon Silko In imagining a truly transnational latinidad *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies *The Philippines and Round about* George John Younghusband, 1899 **Jose Rizal, Asia's First Apostle of Nationalism** Gregorio F. Zaide, 1970 Republicanism, Communism, Islam John T. Sidel, 2021-05-15 In *Republicanism Communism Islam* John T Sidel provides an alternate vantage point for understanding the variegated forms and trajectories of revolution across the Philippines Indonesia and Vietnam a perspective that is de nationalized internationalized and transnationalized Sidel positions this new vantage point against the conventional framing of revolutions in modern Southeast Asian history in terms of a nationalist template on the one hand and distinctive local

cultures and forms of consciousness on the other Sidel s comparative analysis shows how in very different decisive and often surprising ways the Philippine Indonesian and Vietnamese revolutions were informed enabled and impelled by diverse cosmopolitan connections and international conjunctures Sidel addresses the role of Freemasonry in the making of the Philippine revolution the importance of Communism and Islam in Indonesia s Revolusi and the influence that shifting political currents in China and anticolonial movements in Africa had on Vietnamese revolutionaries Through this assessment Republicanism Communism and Islam tracks how these forces rather than nationalism per se shaped the forms of these revolutions the ways in which they unfolded and the legacies which they left in their wakes
