The Life and Work of Jalaluddin Rumi Afzal Iqbal, 1999. Rumi is perhaps the only example in world literature of a devoted prose writer who suddenly burst forth into poetry during middle age to become a truly great mystical poet for all time. This book, a long overdue reckoning of his life and work, begins with a description and examination of the living conditions in 13th century Persia. Building on this context, Afzal Iqbal proceeds to fully analyze the formative period of Rumi's life leading up to 1261 when he began the monumental work of writing the Mathnawi. Toward the end of the book, Iqbal more generally investigates Rumi's thought and includes translations of those portions of the Mathnawi that have been hitherto unavailable in English. Combining an unparalleled familiarity with the source material, a total and critical understanding of the subject, and a powerful and readable prose style, this is an extraordinary study of a truly remarkable poet and mystic.

The Essential Rumi Quotes Rumi Network, 2023-12-09. The Essential Rumi Quotes offers the reader a collection of the most powerful, passionate, endearing, and inspiring quotes of Rumi selected from my decades-long love affair with Rumi's work. I have categorized them in four sections: The Power of Love, Beauty, Music, Hope, Recovery, and The Ascended Master. The Teachings: THE POWER OF LOVE. The first selection is his wildly popular, passionate love quotes. Rumi views love as the real vehicle for growth. However, he teaches that the experience and manifestation of love begins and ends with you. As Rumi points out in many of his poems, where these quotes have been selected, toward the end of his search, he learned that he was seeking himself all along and the Beloved is no other than himself. He wrote that he was knocking on the door of ascension from the inside and the true Beloved is your higher self. BEAUTY, MUSIC, DANCE. Through his mentorship with the mystic Shams, Rumi was transformed from that of a sober scholar to an impassioned lover of music and whirling. After his transformation, all-night parties with music, movement, whirling, and poetry recitations became the norm. HOPE, RECOVERY, DEATH. One of the key reasons that Rumi's work resonates with us is due to his unrestrained and uncensored expressions of various aspects of personal and spiritual growth. His quotes on healing, hope, and death have helped countless people to cope with suffering and recovery. THE ASCENDED MASTER. This section reveals Rumi's quotes as an ascended master attacking all forms of mind and spirit oppressions. Rumi reminds us over and over again that real spiritual mastery is not achieved through dogmatic thinking or conventional religions and isms. What you wear, eat, or drink, or your facial hair, have no relevancy to growth. Only a high conformist would fantasize that wearing a certain style of dress might cause soul growth. Also, his many so-called blasphemous poems represent an evolved soul that is totally free from the shackles of hypocrisy and oppression that exist in all religious doctrines.
