2017 Mississippi Court Administrators Fall Conference:

The Fall of Roe Lisa Lerer, Elizabeth Dias, 2024-07-09 Women today are more equal than at any other time in American history The MeToo movement has transformed American workplaces Christian power is weakening as the US grows increasingly secular Democrats currently control Washington And yet in this moment of growing equality and diminishing religiosity women have lost one of the cornerstone achievements of liberal politics the right to access an abortion It s easy to characterise abortion politics as a familiar decades long battle evangelicals against feminists Republican states versus Democratic states grassroots fighting elites That kind of political thinking misunderstands the current moment Abortion is of course about a right to terminate a pregnancy But it s also the stage where the United States works through some of its most fundamental cultural and moral debates In THE FALL OF ROE two top New York Times journalists Elizabeth Dias and Lisa Lerer have written the definitive book on the end of Roe revealing how the strategic battle over the most contentious topic in politics helps us understand the battle for control over America THE FALL OF ROE looks at the playbook for how the religious right came to dominate American politics a strategy that has vaulted anti abortion activists into central roles in the conservative movement And unless Democrats shift their strategy it is those activists who will be the power brokers who determine the future of America Furthermore given that these debates and strategies have influence here and throughout the world THE FALL OF ROE will be essential not only for understanding America but also informing our own future **The Annotated Mississippi Code** Mississippi, William Hemingway, 1917 *Annotated Mississippi Code* Mississippi, William Hemingway, 1927 *Punishment Without Crime* Alexandra Natapoff, 2018-12-31 A revelatory account of the misdemeanor machine that unjustly brands millions of Americans as criminals Punishment Without Crime offers an urgent new interpretation of inequality and injustice in America by examining the paradigmatic American offense the lowly misdemeanor Based on extensive original research legal scholar Alexandra Natapoff reveals the inner workings of a massive petty offense system that produces over 13 million cases each year People arrested for minor crimes are swept through courts where defendants often lack lawyers judges process cases in mere minutes and nearly everyone pleads guilty This misdemeanor machine starts punishing people long before they are convicted it punishes the innocent and it punishes conduct that never should have been a crime As a result vast numbers of Americans most of them poor and people of color are stigmatized as criminals impoverished through fines and fees and stripped of drivers licenses jobs and housing For too long misdemeanors have been ignored But they are crucial to understanding our punitive criminal system and our widening economic and racial divides A Publishers Weekly Best Book of 2018 *National Trade and Professional Associations of the United States, 1984* Craig Colgate, 1984 *The Commercial and Financial Chronicle* ,1959 *Hearst's International Combined with Cosmopolitan* ,1912 *The World To-day* ,1912 *Commercial and Financial Chronicle Bankers Gazette, Commercial Times, Railway Monitor and Insurance Journal* ,1935 **European Judicial Systems** ,2018 **Judicial Staff Directory**
