Language and Sex Barrie Thorne, Nancy Henley, 1975 S 205 307 Sex differences in language speech and nonverbal communication an annotated bibliography comp by Nancy Henley and Barrie Thorne **She Said**, 1975 **Discourse as Social Interaction** Teun A Van Dijk, Teun A. van Dijk, 1997-05-06 The second volume of this introduction to discourse studies focuses on the fundamental interactional social political and cultural functions of text and talk and shows that discourse is not merely form and meaning but also action **Sex Differences in Human Communication** Barbara Westbrook Eakins, Rollin Gene Eakins, 1978 **Language and Sex** Barrie Thorne, Nancy Henley, 1975 S 205 307 Sex differences in language speech and nonverbal communication an annotated bibliography comp by Nancy Henley and Barrie Thorne **Recording Oral History** Valerie Raleigh Yow, 2005-04-07 Presents chapters on interviewing skills ethics and interpersonal relationship *Semiotica*, 1988 **American Minority Women in Sociolinguistic Perspective** Betty Lou Dubois, Isabel M. Crouch, 1978 *Social Organization of Law* Austin Sarat, 2004 Austin Sarat's *The Social Organization of Law* Introductory Readings begins with a simple premise law seeks to work in the world to order change and give meaning to society and describes legal processes as socially organized This book connects legal studies to the study of society in two different senses First the readings highlight law's responsiveness to various dimensions of social stratification They also draw attention to the questions of when why and how legal decisions and actions respond to the social characteristics e.g. race class and gender of those making the decisions as well as those who are subject to them These questions inevitably raise issues of justice and fairness highlighting the moral dimensions of legal life Second Sarat treats law itself as a social organization emphasizing the complex relations between its various component parts e.g. judges and jurors police and prosecutors appellate courts and trial courts The book examines the traditional subject of professional legal study namely appellate court opinions and describes some of the most pressing controversies of legal interpretation while questioning how those opinions take on meaning in social life Sarat also questions whether those at the top of law's bureaucratic structure effectively control the behavior of others in the legal system's chain of command This anthology provides accessible up to date materials such as readings on terrorism and the challenges it poses to law racial profiling and gay rights juxtaposed to the classics of the field Introductions to each reading along with the notes and questions written by the author unpack the issues and engage students enabling them to link the material from one chapter to another Additional suggested readings provide stimulus for further inquiry *The Social Organization of Law* offers students a broad perspective that treats law as a set of institutions and practices combining moral argument distinctive interpretive traditions and the social organization of violence *Mothers, Warriors, Guardians of the Soul* Geraldine Theresa Horan, 2012-08-09 This study shows that women involved in National Socialism in the years 1924 1934 developed and shaped a recognizable discourse which communicated and reflected their position and status within the NS movement The analysis is based on a variety of text types produced by

members of NS women's organisations and includes official correspondence circulars reports pamphlets monographs and articles from NS women's journals It draws upon several areas of linguistic theory including feminist linguistics semantics pragmatics and discourse analysis and the salient features identified in the female discourse are placed within a sociolinguistic framework While previous research into the language of the NS system has largely ignored the possibility of a cohesive female discourse the study supports the idea that this discourse was dynamic and at times heterogeneous whilst also displaying many self-defining and self-referential features It is characterised by its ambiguities and apparent contradictions which expresses separateness and difference yet also solidarity with the NSDAP
