Commons, Citizenship and Power Filippo Barbera,Emma Bell,2025-01-10 Since the 2010s populism and illiberal politics have been on the rise Demagogue leaders preach simplified rhetoric to vilify the powerless polarising city and rural areas and sparking such shocking events as the US insurrection on 6th January 2021 This interdisciplinary book argues for a politics of representativity and accountability to help transform people s experiences showing that where they live matters and therefore so do they This book demonstrates how place based politics can draw on and benefit from collective local knowledge rather than deferring to a nameless central government Analysing democratic theory and using rich case studies

The Mills-Bakeries of Ostia Jan Theo Bakker,2023-01-16 The ruins of Ostia main harbour of Imperial Rome were uncovered in the late nineteenth and first half of the twentieth century In the present volume the remains of three buildings used for the milling of grain and baking of bread pistrina are studied according to modern archaeological standards A detailed analysis of the architecture and masonry allows a description of the installation and vicissitudes of the pistrina Subsequently the distribution of these buildings in the city and their place in the neighbourhood is studied The technical achievement of the Ostian bakers is assessed Although water power was sometimes used in Roman grain mills this was not the case in Ostia This in turn affects estimates of the output of the pistrina Nevertheless the amount of bread that was produced must have been considerably higher than that in Pompeii where many small bakeries have been preserved No remains of bakeries have ever been found in Rome or Constantinople but it may be assumed that the average bakery in these cities did not differ much from the Ostian workshops Involvement of the fisc with the Ostian bakers has already been suggested by Bakker in Living and Working with the Gods The role of the Emperor is

dealt with in this volume once more The Ostian corpus pistorum presumably fed Imperial slaves and the local fire brigade
