Dynamics of Desacralization Paola Partenza,2015-01-28 The idea of desacralization has become almost commonplace attributing to the word the rejection of what is sacred One might think that it is strictly connected to theology and its system or suppose that it implies the relationship human beings have with anything that can express a denial of the spiritual part of life The concept of desacralization has numerous meanings either from a philosophical or a literary viewpoint The scholars investigation of Dynamics of Desacralization has made this collection of essays rich and varied revealing new worlds the different authors have created What they do is to narrate various types of desacralization interrogating the nature of novels poems or works of art certain aspects of being are revealed through various expressions engaging the multiple levels and the meaning of desacralization providing an articulation and interpretation of it

Beauty ideals and cosmetic surgery in Scott Westerfeld's novel "Uglies" ,2019-03-22 Seminar paper from the year 2018 in the subject English Language and Literature Studies Literature grade 1 5 Karlsruhe University of Education language English abstract Television social platforms and advertisements are full of them successful rich and irresistibly attractive people Their pretty faces their beguiling smiles and glamorous appearances have a great influence on our idea of being beautiful In our recent society beauty is a privilege which leads to success money and an unbridled lovelife We strive for being equal to them We envy them for their beauty their fame and their lifestyle At the same time it is obvious that this world of glamour and flawlessness is moreoften a world of sham and pretence High prices are paid for a beautiful face or a slim figure Being under pressure to fit into a certain beauty ideal the people in our society are victims of a beauty mania which demands a lot Not only a ridiculous high consumption of cosmetics and beauty products but also more drastic measures like cosmetic surgeries or symptomes like anorexia and bulimia can be seen as a sign for that But let us imagine a world without this beauty competition A world in which everyone is equally pretty due to a compulsory cosmetic surgery as a teenager Scott Westerfeld creates such a scenery in his young dystopian fiction novel Uglies and takes a critical approach to a society which is only based on being pretty On the basis of this book I want to have a closer look on our modern beauty ideals and how they influence our recent society Or rather how our society influences beauty ideals What problems arise with this beauty mania What does Westerfeld criticises in his novel I also want to pay attention on the beauty ideals in a historical context and how they changed over time
