Conventional and Original Metaphors in French Autobiography Madalina Akli, 2009 This book studies three autobiographies each of which is at least partially devoid of chronological structure Sartre's *The Words* Perec's *W or The Memory of Childhood* and Sarraute's *Childhood* Calendar based order traditionally associated with autobiography fails to provide the coherence the readers expect Hence readers must create a sense of coherence at another level by using their conceptual resources Conventional and Original Metaphors in French Autobiography reveals that in these literary texts coherence is maintained based on the exploitation of conventional metaphors taken from everyday language which the autobiographers transform in a creative yet familiar manner These common metaphors offer guidance to readers and establish coherence between the shared life experiences of reader and autobiographer In the course of reading the autobiographers and the readers life experiences overlap through familiar metaphors which serve as organizational devices in writing and as guiding principles in reading *The Politics of Play* Aubrey Gabel, 2025-10-15 Showing the political importance of play in postwar French literature In postwar France authors approached writing ludically placing rules and conditions on language and on the context of composition itself They eliminated *e s* and feminized texts they traveled according to strict rules and invented outright silly public personas *The Politics of Play* Oulipo and the Legacy of French Literary Ludics is a comprehensive examination of how and why French authors turned to these ludic methods to grapple with their political moment These writers were responding to a range of historical upheavals from the rise and fall of French feminist and Third Worldist groups to the aftermath of international socialism both at home in the former Parisian Belt and in France more broadly and abroad in post Yugoslavia Balkan states and elsewhere Juxtaposing an array of case studies and drawing on cross disciplinary methodologies Aubrey Gabel reads three generations of the formalist literary group Oulipo including Raymond Queneau Georges Perec and Jacques Jouet alongside writers not traditionally deemed ludic or sometimes not even conventionally known as novelists such as the lesbian activist writer Monique Wittig and the editor François Maspero Gabel argues that literary ludics serve as both an authorial strategy and a political form playful methods allow writers not only to represent history in code but also to intervene creatively as political actors in the fraught social fields of midcentury France and beyond **Les Choses de Georges Perec ou l'économie du rêve** Christelle Reggiani, 2024-06-06
