

L'italiano: frasi e testo

Capitolo 1

Frase → espressione linguistica dotata di senso compiuto / unità minima di discorso dotata di significato compiuto senza l'apporto del contesto situazionale / l'unità fondamentale, in sé compiuta del nostro parlare, costituita essenzialmente, nella nostra lingua, di soggetto e predicato. Tutte queste definizioni condividono lo stesso requisito fondamentale: **il senso o significato compiuto di ogni frase.**

Definizione di Serianni: la frase, o proposizione, è l'unità minima di comunicazione dotata di senso compiuto

Definizione di Renzi: la frase è l'unità massima in cui vigono relazioni di costruzione.

Lo stesso oggetto, la frase, viene osservato da punti di vista differenti. In Serianni si privilegia l'aspetto **semantico** (relativo al significato complessivo unitario dell'insieme di parole); in Renzi si privilegia l'ottica **sintattica** (insieme di parole collegate tra loro dalle particolari regole di combinazione che vigono in quella lingua).

2 requisiti: 1) **senso compiuto** → natura semantica; 2) **presenza di soggetto e predicato** → natura sintattica.

Frase sgrammaticata → una serie di parole ha senso compiuto quando quella stessa serie vuole esprimere un certo messaggio. Questo avviene se si rispettano il più possibile le regole sintattiche previste nella lingua in cui ci si esprime. Alcune regole ai fini della comunicazione non sono decisive (es: articolo prima del c. oggetto → il messaggio passa comunque). È invece rilevante che ci siano soggetto e verbo. Es: A scuola eh qui lo cancella lavagna sempre.

Contesto → il **contorno extralinguistico**, la situazione in cui viene detta o scritta la parola, la frase o l'insieme di frasi e dunque soprattutto chi parla e a chi, se è una persona che conosce quella situazione oppure no.

Cotesto → il **contorno esclusivamente linguistico**, vale a dire la porzione di discorso in cui sono inseriti una parola, una frase o un insieme di frasi.

Intonazione → nella conversazione è fondamentale. Spesso concorre in modo decisivo alla definizione del senso compiuto e fa parte degli aspetti cotestuali, cioè linguistici della frase. È possibile che un messaggio risulti ambiguo perché ambigua è l'intonazione. Es: sì, sì, ciao.

Frase senza senso → il messaggio non è ben chiaro anche se la frase è costruita rispettando le regole sintattiche dell'italiano. Perché sia una frase, una serie di parole deve avere un minimo semantico e un minimo sintattico. Es: le macchine riposano su tasti evanescenti. Dunque: la frase è l'unità di discorso costruita secondo le regole di una certa lingua (**requisito sintattico**) tale da essere relativamente completa e indipendente per quel che riguarda contenuto e intonazione (**requisito semantico e pragmatico**).

Frase minima → il minimo semantico può essere ridottissimo se il contesto lo permette. Può ridursi non solo a un'espressione priva di verbo (es: allora?), ma anche a una forma di comunicazione non verbale (ad es. mimica). Ciò non avviene per gli aspetti sintattici. Per definire frase una certa espressione ci deve essere la presenza di un verbo. Il verbo, infatti, garantisce una relazione tra un referente (soggetto) e una sua proprietà (espressa dal verbo).
