progression of a career that has produced some of contemporary cinema's most revered scenes and idiosyncratic characters. This detailed examination looks at how the strands of del Toro's career have woven together to create one of modern cinema's most ground-breaking bodies of work. Delving deep into del Toro's psyche, the book starts by examining his beginnings in Mexico: the creative but isolated child surrounded by ornate Catholicism and monster magazines, filming stop-motion battles between his toys on a Super 8 film camera. It follows him to film school where we learn of his influences from Kafka to Bunuel and explores his 1993 debut *Cronos*, the independent horror debut which draws on the religious and occult themes which would recur throughout del Toro's work. It goes on to cover his development as a director with 1997's *Mimic*, his blockbuster success with the *Hellboy* films and goes on to study the films which have cemented his status as a legendary auteur: Oscar award winners *Pan's Labyrinth* and *The Shape of Water*, as well as his sci-fi masterpiece *Pacific Rim*, as well as looking at his exciting upcoming projects *Nightmare Alley* and *Pinocchio*. An enlightening look into the mind of an auteur blessed with a singular creative vision, Guillermo del Toro analyses the processes, themes and narratives that have come to be recognised as distinctly del Toro, from practical effects to an obsession with folklore and paganism. It looks into the narrative techniques, stylistic flourishes and creative decisions which have made him a true master of modern cinema. Presented in a slipcase with an 8-page gatefold section with scores of illuminating photographs of the director at work on set, as well as iconic stills from his films and examples of his influences, this stunning package will delight all Guillermo del Toro devotees and movie lovers in general.
