Transition to Nursing: Preparation for Practice Bill Whitehead, Michelle Brown, 2017-12-16 How do you think like a staff nurse What behaviour and level of work is needed to be awarded your degree How will you adapt to working as a professional and working in a team This book is for you if you re in the final stage of a pre registration nursing course or if you are making the transition to becoming a registered nurse It provides you with a toolkit of advice to help you deal with challenges you ll face and prepare you with an understanding of what the university and NMC will be looking for Clear advice is given on the academic skills you will need how to face the rigours of the final year and what you need to demonstrate in your behaviour and placements Professional issues covered include using evidence in practice managing a caseload and how far to fit into or question workplace culture The features of this book include Guidance enriched by the latest research and expert knowledge of this transition period Reflective learning boxes to help you identify how you can prepare Case studies raising issues from student and registered nurses experience going through this transition Short chapters enable quick learning to support you now Knowledge that will build your confidence and enhance your ability to fit

into your first job This book is recommended reading for all final year nursing students and nurses new to the profession Packed with practical detail and the supporting evidence it s obvious the authors are anchored in the reality of today s complex healthcare environments The journey from student to registered nurse is more like a vertical ladder than a learning curve This book helps you climb up every rung of the way This book doesn t just describe the process of transition it gives advice for both academic and practice based achievement preparing you to think and practise as a staff nurse It s a resource you can either dip into as needed or read from cover to cover In addition there s an evidence based preceptorship toolkit for transition which is a useful tool for employers to devise an effective system of support The experienced nurse would also benefit from this as a reference tool to support their students and preceptees and a reminder of the demands placed on them

Liz Allibone Head of Clinical Education and Training Royal Brompton and Harefield NHS Foundation Trust London UK and Chair of UK Clinical Nurse Educator Network The transition from student nurse to registered nurse is daunting to say the least The realisation of what accountability actually means and the implications of working within the NMC Code 2015 become a reality rather than the focus of an academic essay This book Transition to Nursing Preparation for Practice effectively prepares third year student nurses for the reality of becoming a Registrant The book offers useful and practical advice on how to make the most of your final year as a student nurse and how to achieve the highest degree classification possible The book utilises case studies to encourage self reflection and consider how the NMC Code 2015 applies to the daily life of a Registrant The book acknowledges the reality of working in modern day health care and the challenges that it brings and offers practical advice on how to develop resilience mindfulness and self awareness This book is a must for all final year students

Mike Parker Senior Lecturer in Emergency and Unscheduled Care University of York UK This interesting book takes the pre registration nursing student on a journey from the beginning of their third year through to registration and working as a newly qualified nurse The book is divided into three distinct sections addressing academic aspects the final clinical placement and lastly registration as a newly qualified nurse It is written in an easy to read style using a case study approach with each chapter addressing a specific aspect thus allowing it to be read as a whole or dipped into as the need arises The areas covered in each section are relevant to all fields of nursing and the case studies are realistic and encompass all aspects of the transition This will be a very useful resource for third year students embarking on what is undoubtedly a stressful year as they strive to achieve success in their nursing degree and make the transition from student nurse to newly qualified nurse

Pauline Carson Lecturer Children and Young People s Nursing Queens University Belfast UK Transition to Nursing Preparation for Practice is an excellent text for all students embarking on the last stages of their journey to become a Registered Nurse It offers great advice and guidance that will inform and help boost confidence during the final year of the programme and beyond The logical structure of the contents and use of case study scenarios allows the reader to develop their understanding of the important aspects of theory and practice requirements at Level 6 and the expectations and reality

of life as a Newly Qualified Nurse This is essential reading for all final year students Claire Williams Senior Lecturer University of Derby UK Much has been written about transition to practice for newly qualified nurses Bill and Michelle have done a fantastic job in putting this in one place and producing a valuable resource for student nurses to help them prepare for this part of their journey to registered professional They have covered all the important elements of transition including resilience speaking out developing confidence and dealing with reality shock culminating in a very handy toolkit that can be used to help manage this exciting and sometimes stressful time Claire Agnew Senior Nurse Clinical Practice Development University Hospitals of Leicester NHS Trust UK **The Nurse Professional** Deborah Dolan Hunt,2014-10-24 Print CourseSmart **Clinical Case Studies in Physiotherapy** Lauren Jean Guthrie,2008-10-09 Starting a placement or rotation in an unfamiliar clinical area is exciting but can be daunting CLINICAL CASE STUDIES IN PHYSIOTHERAPY provides invaluable advice and practical guidance on cases and problems encountered on a daily basis allowing you to work with ease and confidence By adopting a problem solving approach to the cases through the use of questions and answers the authors will help you to think constructively about each case within all the key specialities of physiotherapy Starting a placement or rotation in an unfamiliar clinical area is exciting but can be daunting CLINICAL CASE STUDIES IN PHYSIOTHERAPY provides invaluable advice and practical guidance on cases and problems encountered on a daily basis allowing you to work with ease and confidence By adopting a problem solving approach to the cases through the use of questions and answers the authors will help you to think constructively about each case within all the key specialities of physiotherapy Hints and tips to get you ready for clinical placement How to secure your first physiotherapy post Case studies in the following clinical areas respiratory orthopaedics neurology musculoskeletal out patients care of the elderly mental health and womens health Cases covering paediatrics also included The Surgical Portfolio and Interview Joe Esland,Andrew Hall,2021-07-07 Surgical training is highly competitive and requires preparation dedication and an understanding of the principles of selection Your application will be evaluated across a range of competences according to objective criteria with selection based primarily on your surgical portfolio evidence of relevant experience and achievements to date which is used to demonstrate your suitability for a role surgical interview a range of stations designed to assess specific areas of the selection criteria This book is a practical guide to help you build an impressive portfolio and deliver a quality performance at interview It offers key advice on these two areas of assessment as follows The surgical portfolio Advice on where to start and how to maximise the benefit you gain from each opportunity Each portfolio domain is discussed in turn explaining the context and rationale and providing a guide to maximising your performance in each area Example opportunities are provided for you to pursue to help to adapt your experience to the specific assessment criteria The surgical interview Understand the rationale behind the questioning to help you tailor your answers to maximise scoring Answer templates with key guidance to help you provide effective answers based on your portfolio experiences Guidance on contemporary surgical topics to help you with discussion
