Emerging Trends in Third-Generation Holocaust Literature Alan L. Berger, Lucas F.W.

Wilson, 2023-08-08 Emerging Trends in Third Generation Holocaust Literature offers fresh approaches to understanding how grandchildren of Holocaust survivors and perpetrators treat their traumatic legacies The contributors to this volume present a two fold perspective that the past continues to live in the lives of the third generation and that artistic responses to trauma assume a variety of genres including film graphic novels and literature This generation is acculturated yet set apart from their peers by virtue of their traumatic inheritance The chapters raise several key questions How is it possible to negotiate the difference between what Daniel Mendelson terms proximity and distance How can the post post memorial generation both be faithful to Holocaust memory and embrace a message of hope Can this generation play a constructive educational role And finally why should society care At a time when the lessons and legacies of Auschwitz are either banalized or under assault the authors in this volume have a message which ideally should serve to morally center those who live after the event
