one of the best things about love We've been thinking about it all wrong Our culture's insistence that women need to learn how to catch and keep a man is actually doing much more harm than good The more we try to manipulate our relationships the less we are truly able to experience love's benefits and wonders Love is a slippery unruly thing and trying to control and manage it robs us of its delicious unpredictability Sure letting go of the reins a bit might mean a broken heart but heartbreak in fact offers a wealth of possibilities creativity wisdom and growth that we need in order to make the most of our lives Liberating for women who are frustrated by the idea that they just need to learn the right formula The Case for Falling in Love shows that there isn't a method to mastering the madness of love But that might be exactly what's so wonderful about it
