

# 중국이 세계를 지배하면

중국의 부상으로 서구식 보편주의는 더 이상 보편적으로 통용되지 않을 것이며, 서구식 가치관도 차츰 영향력을 잃을 것이다. 또 중국의 부상은 세상 모든 것을 상대적으로 존재하도록 만들 것이다. 서구 사회는 세상을 그들의 계층으로 바라보는 방식에 익숙해 있다. 국제 사회도 서구 사회로, 국제기구도 서구의 기구로, 통화도 서구의 통화주로, 달러화로, 언어도 서구의 언어주로 영어로 바라보고 있다. 지금까지 '서구적 Western'이라는 관형사는 항상 중요한 명사의 앞자리를 차지했지만, 앞으로는 그렇지 못할 것이다. 서구로서는 실감이

패권국가 중국은  
천하를 어떻게 바꿀 것인가?

# When China Rules the World

불편하겠지만  
세상은 더 이상 서구적인  
것을 추구하지 않는다는 사실을  
알게 될 것이다. 또 자신들이 오래도록  
우월적인 자리를 누리는 동안 자신들에게 문물  
을 배우고 서구화를 추진하려고 했던 국가들이  
이제 자신들과 동등한 위치에 있다는 사실도 깨닫게 될 것이다. 서구 국가들은 난생처음  
다른 문화, 다른 국가와 관계를 맺고 그들의 달라진 위치를 깨닫게 될 것이다. 미국은  
장기전에 걸쳐 경제, 정치, 군사 면에서 정신적 위상을 잃게 될 것이며, 심리적, 감정적,  
존재적 위기가 눈앞에 다가왔음을 깨달을 것이다. 시간이 지나면서 미국은 지배당한 반  
점령 보일 가능성이 크다. 세계는 미국이 너무 추한 모습을 보이지 않기를 바라는 한다.

## **When China Rules The World Martin Jacques:**

**When China Rules the World** Martin Jacques, 2012-08-28 Greatly revised and expanded with a new afterword this update to Martin Jacques's global bestseller is an essential guide to understanding a world increasingly shaped by Chinese power. Soon China will rule the world. But in doing so it will not become more Western. Since the first publication of *When China Rules the World* the landscape of world power has shifted dramatically. In the three years since the first edition was published *When China Rules the World* has proved to be a remarkably prescient book transforming the nature of the debate on China. Now in this greatly expanded and fully updated edition boasting nearly 300 pages of new material and backed up by the latest statistical data Martin Jacques renews his assault on conventional thinking about China's ascendancy showing how its impact will be as much political and cultural as economic changing the world as we know it. First published in 2009 to widespread critical acclaim and controversy *When China Rules the World: The End of the Western World and the Birth of a New Global Order* has sold a quarter of a million copies, been translated into eleven languages, nominated for two major literary awards and is the subject of an immensely popular TED talk.

**When China Rules the World** Martin Jacques, 2009 Making predictions that China will supplant the west as an economic superpower a cautionary analysis makes predictions about cultural, political and ethnic changes facing the near future while evaluating China's anti-globalization stance and dubious capacity for maintaining world peace.

**When China Rules the World** Martin Jacques, 2009 For over two hundred years we have lived in a western-made world, one where the very notion of being modern was synonymous with being western. This original and ground-breaking new book argues that the twenty-first century will be different. With the rise of increasingly powerful non-Western countries the west will no longer be dominant and there will be many ways of being modern. In this new era of contested modernity the central player will be China. Far from becoming a western-style society China will remain highly distinctive. Continental in size and mentality and accounting for one-fifth of humanity China is a civilization state whose characteristics, attitudes and values long predate its existence as a nation-state. China is already having a far-reaching and much-discussed economic impact but its influence will be far greater than this. China's rise signals the end of the global dominance of the western nation-state and the rise of a world which it will shape in a host of different ways. As it rapidly reassumes its traditional position at the centre of East Asia the old tributary system will be resurfaced in a modern form. Contemporary ideas of racial hierarchy will be redrawn and China's ages-old sense of superiority will reassert itself. China's rise will change the world as we know it from one made in the west to one increasingly shaped by China. This profound and far-sighted book explains for the first time the deeper meaning of China's arrival as a global power.

*When China Rules The World* Martin Jacques, 2012-03-29 China will replace the United States as the world's dominant power. In so doing it will not become more western but the world will become more Chinese. Jacques argues that we cannot understand China in western terms but only through its own history and culture. To this end he introduces a powerful set of ideas including China

as a civilization state the tributary system the Chinese idea of race a very different concept of the state and the principle of contested modernity First published in 2009 to widespread critical acclaim and controversy When China Rules the World The End of the Western World and the Rise of a New Global Order has sold a quarter of a million copies been translated into eleven languages nominated for two major literary awards and has been the subject of an immensely popular TED talk In the three years since the first edition was published the book has transformed the debate about China worldwide and proved remarkably prescient In this greatly expanded and fully updated paperback edition with nearly three hundred pages of new material backed up by the latest statistical data Martin Jacques renews his assault on conventional thinking about China s ascendancy showing how its impact will be as much political and cultural as economic thereby transforming the world as we know it Martin Jacques is one of Britain s foremost public intellectuals A Visiting Senior Research Fellow at IDEAS the London School of Economics centre for diplomacy and grand strategy a Visiting Professor at Tsinghua University Beijing and a Fellow of the Transatlantic Academy Washington DC Martin Jacques is widely respected as a leading global expert on what could prove to be the most important geopolitical event of the past 200 years the rise of China He was editor of Marxism Today from 1977 until the journal s closure in 1991 and has also worked as deputy editor of The Independent He has been a columnist for the Times the Guardian the Observer and the New Statesman as well as writing for international publications such as the Financial Times Economist New York Times International Herald Tribune Daily Beast Volkskrant Corriere della Sera L Unita South China Morning Post and Folha Des Paulo

**Has China Devised a Superior Path to Wealth Creation? The Role of Secular Values** Charles Hampden-Turner, Peter Peverelli, Fons Trompenaars, 2021-06-21 The rise of China will profoundly change the world and the rest of us now have a chance to understand how and why this is happening or continue to moralise about this disaster thought to harm our way of life What is especially galling is that the Chinese appear better able to create wealth and value than the West Even in the midst of political denunciations more and more businesses are profitably engaging China We have to face the fact that China excels at what we are supposed to admire the peaceful creation of wealth It even withstands the current pandemic several hundred times more successfully than we have The answers to China s success lie not in communism but in Chinese civilization and culture which is 22 centuries old and extends to most of East Asia and has traded peacefully since Roman times This is a book about measured business cultures East and West and explains using largely Western scholarship why China is winning and will continue to do so unless and until we wake up

Politics in China William A. Joseph, 2010 Sixty years ago China was one of the poorest countries in the world populated mostly by rural peasants and still suffering from more than a century of internal turmoil and international humiliation Today China is a rapidly modernizing economic dynamo with growing global influence Politics in China is an authoritative introduction to how this transformation occurred and how China is governed today Written by an international team of highly regarded China scholars each chapter offers an accessible overview of a key topic in Chinese politics The

opening section provides readers with a firm grounding in China's modern political history from the fall of the last imperial dynasty through era of communist rule under Mao Zedong Deng Xiaoping and their successors The next section covers the political system with chapters on Communist Party ideology the structure of the political system and the policies behind the country's spectacular economic performance The book then focuses on several major issues in China today politics in the countryside and the cities the arts the environment public health and population policy The final chapters cover politics in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan Comprehensive and fully up to date in its coverage Politics in China is essential not only for students studying contemporary China but for any reader interested in learning how this rising power has evolved in recent times and the workings of its current political system

The United States, China, and the Competition for Control Melanie W. Sisson, 2024-11-22 This book considers whether the United States and the People's Republic of China have irreconcilable visions of world order The United States China and the Competition for Control evaluates the twin claims that China seeks to dismantle the post World War II international order and that the United States seeks to defend it It defines the post war order and examines how the United States and China have behaved within and in relation to it since 1945 An analysis of the two states rhetoric and policy reveals that their preferences for international order are not as divergent as today's conventional wisdom suggests The book therefore concludes that U S policies that treat China as a threat to international order are misplaced and offers policy recommendations for how the United States can both preserve the post war order and protect its vital national interests The book will be of interest to foreign policy practitioners commentators and analysts as well as students and scholars of security studies international relations and geopolitics

**Currency Wars with China and Japan in Western Newsmagazines** Damien Ng, 2022-02-27 This book explores China's currency wars with its trading partners in four Western newsmagazines Time The Economist L Express and Der Spiegel Based on both quantitative and qualitative approaches the interdisciplinary approach adopted in the research draws on two analytical frameworks from the realm of critical discourse analysis van Leeuwen's socio semantic inventory of social actor representation and van Dijk's concepts of macro rules as the overarching approaches to understand the changing dynamics of international relations and the global economy through Western media The sample in this study consists of 160 texts half of which are focused on China and the other half on Japan across a period of 12 months in 2010 China and in 1987 Japan Through the comparison of Western representation between China and Japan the similarities and differences in their coverage have been revealed as even more striking with regards to global politics and the international economy The findings obtained from the empirical research have revealed that China was not only reported more unfavourably than Japan in terms of depth but also across a broader range of areas spanning economics politics and military affairs It has also emerged that all the four Western newsmagazines tended to centre their coverage on the US and China in 2010 and the US and Japan in 1987 although they did not speak in one collective voice with regard to their coverage

of China and Japan      **Societies beyond Oil** John Urry,2013-01-10 What would a de carbonised society be like What are the implications of a general de globalisation for our social futures How will our high carbon patterns of life be restructured in a de energized world As global society gradually wakes up to the new reality of peak oil these questions remain unanswered For the last hundred years oil made the world go round and as we move into the century of tough oil this book examines some profound consequences It considers what societies would be like that are powering down what lessons can be learned from the past about de energized societies will there be rationing systems or just the market to allocate scarce energy Can virtual worlds solve energy problems What levels of income and wellbeing would be likely In this groundbreaking book John Urry analyzes how the twentieth century created a kind of mirage of the future that is unsustainable into even the medium term and envisions the future of an oil dependent world facing energy descent Without a large scale plan B how can the energizing of society possibly be going into reverse      **The Global Financial and Economic Crisis in the South**

Leon-Manriquez, Jose Luis,Moyo, Theresa,2017-05-03 This book is the outcome of a South South conference jointly organized by the Asian Political and International Studies Association APISA the Latin American Council of Social Sciences CLACSO and the Council for the Development of Social Science Research in Africa CODESRIA in Dakar Senegal May 2012 The conference was organised in response to the financial crisis of 2008 which started in the United States and Europe with reverberating effects on a global scale Economic problems emanating from such crises usually leave major social and structural impacts on important sectors of the society internationally They affect living standards and constrain the well being of people especially in poor countries Persistent problems include high unemployment increased debt and low growth in developed countries as well as greater difficulties in accessing finance for investment in the developing world There is a need for countries in the South to examine the available options for appropriate national and regional responses to the different problems emanating from the economic crisis This book attempts to provide ideas on some strategic responses to the disastrous impact of the crisis while keeping in mind the global common interest of the South It is hoped that the book will contribute significantly towards the agenda to rethink development and the quest for alternative paradigms for a just stable and equitable global political economic and social system A system in which Africa Asia and Latin America are emancipated from the shackles of hegemonic and anachronistic neoliberal dictates that have nothing more to offer than crises vulnerabilities and dependency      *The China Challenge* Thomas J. Christensen,2015-06-02 A standout a balanced

informative and highly intelligent guide to dealing with China Fareed Zakaria Many see China as a rival superpower to the United States and imagine the country s rise to be a threat to U S leadership in Asia and beyond Thomas J Christensen argues against this zero sum vision Instead he describes a new paradigm in which the real challenge lies in dissuading China from regional aggression while encouraging the country to contribute to the global order Drawing on decades of scholarship and experience as a senior diplomat Christensen offers a compelling new assessment of U S China relations that is essential

reading for anyone interested in the future of the globalized world The China Challenge shows why China is nowhere near powerful enough to be considered a global peer competitor of the United States but it is already strong enough to destabilize East Asia and to influence economic and political affairs worldwide Despite China's impressive achievements the Chinese Communist Party faces enormous challenges Christensen shows how nationalism and the threat of domestic instability influence the party's decisions on issues like maritime sovereignty disputes global financial management control of the Internet climate change and policies toward Taiwan and Hong Kong China benefits enormously from the current global order and has no intention of overthrowing it but that is not enough China's active cooperation is essential to global governance Never before has a developing country like China been asked to contribute so much to ensure international stability If China obstructs international efforts to confront nuclear proliferation civil conflicts financial instability and climate change those efforts will falter but even if China merely declines to support such efforts the problems will grow vastly more complicated Analyzing U S China policy since the end of the Cold War Christensen articulates a balanced strategic approach that explains why we should aim not to block China's rise but rather to help shape its choices so as to deter regional aggression and encourage China's active participation in international initiatives that benefit both nations *China - America Relations* Ni Feng Huang Ping,2012-03-01 Offering insights and analysis on China's approach to America and its relationship with the American government this insightful book reveals China's current thinking and strategies towards China US relations and trade policies It also provides comprehensive analyses into the competitive strengths of the USA and the status of American power in the global community *Prosperity in China: International Responsibility and Opportunity for a Growing Power* Jin Canrong,2013-09-27 A unique Chinese perspective on the superpower's fast growing influence in world affairs In Prosperity in China China's leading scholars weigh in on the nation's remarkable achievements its obligations as a growing superpower its relationships with Western nations and the challenges it faces in the 21st Century Prosperity in China reveals the views of China's top scholars on the issue of the nation's international policies and responsibilities It outlines China's role in maintaining world peace and offers in depth analyses of the problems and challenges China faces as its economy and global influence grow at breakneck speed Jin Canrong is professor associate dean and Ph D advisor in diplomacy of the School of International Studies at Renmin University of China *BRICS and the China-India Construct* Jagannath P. Panda,2013 **China Review International** ,2009 **International Journal of China Studies** ,2012 *The European Union and World Politics* Andrew Gamble,David Lane,David Stuart Lane,2009-08-12 Divisions in the EU are considered as well as the conflicts that have arisen from enlargement and foreign policy concerns Leading specialists on European politics and society reflect on the nature of consensus and competition between elites and whether the EU may be able to provide a sense of common identity and purpose for its citizens **Les BRICS et la réforme du monde** David Teurtrie,Igor Delanoë,Matthieu Grandpierron,Éric Pomès,Clément Therme,2026-02-25 BRICS Le Sud global en mouvement Face un ordre international en

### **When China Rules The World Martin Jacques Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading When China Rules The World Martin Jacques free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading When China Rules The World Martin Jacques free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading When China Rules The World Martin Jacques free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that

the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading When China Rules The World Martin Jacques. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading When China Rules The World Martin Jacques any PDF files. With these platforms, the world of PDF downloads is just a click away.
