

## **ZIMSEC English Language: Descriptive compositions**

As part of your English Language course, you will be required to write essays on a regular basis. Descriptive essays are part of this essay writing regimen. It is important to point out that every type of essay you will encounter at Ordinary Level will require some sort of description in them so you will do well to master the art of descriptive essays even if you end up writing a different type of composition.

Most descriptive essays incorporate aspects from other types of essays. For example, they could be descriptive-narrative in nature. In such instances, you will have to follow the guidelines set out in our guide on how to write Descriptive essays bearing in mind the points below.

It is an art

Writing a descriptive essay is a lot like painting a picture. You are presented with brushes, paint, and the canvas and a theme. Instead of paint, you are required to paint a picture using words. It is entirely up to you how you want to broach the subject. A good descriptive essay is like a good painting; we cannot foretell what it should look like but we know a good painting when we see it.

Despite all this the following techniques will be quite useful when it comes to writing descriptive essays:

- An extensive vocabulary- use a student's dictionary and thesaurus to improve your vocabulary
- Use of imagery
- Good use of similes
- Use of metaphors
- Informed use of superlatives
- Avoiding the use of clichés
- Varied sentence structure
- Vivid adverbs and adjectives

In addition to these the following poetic devices will especially be useful:

- Alliteration for example- He was a cold calculating captious cannibal with a captivating character.
- Assonance for example- She played the harp with a sharp fast stroke which sounded like a rock pounding a bark
- Dissonance
- Enjambement
