Ett 2011 April Question Paper:

Remaking Citizenship in Multicultural Europe B. Halsaa, S. Roseneil, Sevil Sümer, 2012-08-21 This book offers a groundbreaking analysis of how women's movements have been remaking citizenship in multicultural Europe Presenting the findings of a large scale multi disciplinary cross national feminist research project FEMCIT it develops an expanded multi dimensional understanding of citizenship as practice and experience *Transformative Change and Real Utopias in Early Childhood Education* Peter Moss, 2014-04-24 Early childhood education and care is a major policy issue for national governments and international organisations This book contests two stories both infused by neoliberal thinking that dominate early childhood policy making today the story of quality and high returns and the story of markets stories that promise high returns on investment if only the right technologies are applied to children and the perfection of a system based on competition and individual choice But there are alternative stories and this book tells one a story of democracy experimentation and potentiality in which early childhood centres are public spaces and public resources places where democracy and experimentation are fundamental values community workshops for realising the potentiality of citizens This story calls for transformative change but offers a real utopia both viable and achievable The book discusses some of the conditions needed for the story's enactment and shows what it means in practice in a chapter about project work contributed by a Swedish preschool teacher Critical but hopeful this book is an important contribution to resisting the dictatorship of no alternative and renewing a democratic politics of early childhood education It is essential reading for students and teachers researchers and other academics and for all other concerned citizens **EU Law for UK Lawyers** Aidan O'Neill, 2011-07-27 Written in an authoritative yet accessible style the book provides an ideal guide and reference for anyone facing a problem with an EU law component **Tribal Studies in India** Maguni Charan Behera, 2019-11-09 This book provides comprehensive information on enlargement of methodological and empirical choices in a multidisciplinary perspective by breaking down the monopoly of possessing tribal studies in the confinement of conventional disciplinary boundaries Focusing on anyone of the core themes of history archaeology or anthropology the chapters are suggestive of grand theories of tribal interaction over time and space within a frame of composite understanding of human civilization With distinct cross disciplinary analytical frames the chapters maximize reader insights into the emerging trend of perspective shifts in tribal studies thus mapping multi dimensional growth of knowledge in the field and providing a road map of empirical and theoretical understanding of tribal issues in contemporary academics This book will be useful for researchers and scholars of anthropology ethnohistory ethnoarchaeology and of allied subjects like sociology social work geography who are interested in tribal studies Finally the book can also prove useful to policy makers to better understand the historical context of tribal societies for whom new policies are being created and implemented *The Nordic Bible* Marianne Bjelland Kartzow, Kasper Bro Larsen, Outi Lehtipuu, 2023-09-05 The volume offers a new critical reflection on the use of the Bible in contemporary

cultural and political debates in the Nordic countries In Nordic Lutheran societies the Bible has been perceived as a basis of religion and social cohesion Whereas such religious and confessional factors are well researched vis vis the historical genesis of the Nordic welfare states the focus here is on public use of the Bible in debates of today Bibliographie der fremdsprachigen Zeitschriftenliteratur ,1915
