Art Reviews and Commentaries by Robert L. Pincus, Art Critic, Snipped from the San Diego Union: 1985-1987 Robert L. Pincus,1993

Yves the Provocateur Thomas McEvilley,2010 For seven years from 1956 to 1962 a young French artist electrified the European art world with visual conceptual and performance art works far ahead of their time His rise was wildly celebrated by some as the appearance of a prophetic genius and derisively dismissed by others as scandalous nonsense His monochrome paintings body art works fire paintings conceptual exhibitions and music and monumental public space works threatened to upend the very categories of art in both Europe and America Indeed after his tragically premature death in 1962 some of the most far reaching transformations in contemporary art would follow directly in his wake But by the 1970s his reputation seemed headed for oblivion until in 1977 a young classics scholar at Rice University Thomas McEvilley proposed Klein for a retrospective show to Dominique deMenil then director of the Rice gallery and wrote several texts about Klein that would transform our understanding of Yves Klein s aesthetics The project grew to involve major institutions resulting in 1982 with exhibitions in Houston New York Paris and Chicago Virtually overnight Yves Klein s art reentered the art canon Coincidentally the career of an important critic was launched Yves the Provocateur collects those writings of Thomas McEvilley which rejuvenated Klein s stature and hitherto were only available in journals and exhibition catalogues In effect it provides the skeleton key to clearly examine the full dimensions of Klein s accomplishment In two opening essays McEvilley briefly surveys and places Klein s art into context Then in the centerpiece essay which amounts to a miniature critical biography bearing all the best features of a novella he traces the formative and crucial events in Klein s life Finally he describes Klein s intellectual development demonstrating how Klein embedded and parodied in his work the philosophical system of a particular form of Rosicrucianism
