

# Mastering Copperplate Calligraphy A Step-by-Step Manual

ELEANOR WINTERS

S

The 'S' in Figures 1, 2, and 3 are variations on the standard 'S' which is the shape in Figure 4 and the result is a single stroke.

Figure 1 is correctly at the distance of the diagonal in Figure 2, so that the side and cross strokes crossing the uprights.

The position of a loop at the front then back in number 3 makes the uprights more correct than the others. This is also a one-stroke letter.

Figure 4, like the first in Figure 1, is a 'S' as found in the standard form of the letter.

O

Each of these 'O's is made in a single stroke. Figure 2 is just of the same shape as that in Fig. 1 (p. 145) and the 'C' in Figure 3 (p. 147).

Number 1 in Figure 1 and 2 can be obtained by the same following a semi-circle back as in Figure 1 because the side stroke is a little lower.

Figure 3 begins with the loop in number 1 of the standard 'O'. This variation might be considered a false flourish.

P

Many of the variations on the 'P' are the same as those of the 'S'. The one on the right shows one addition.

The first number of Figure 3 shows the loop which is very strong from the right of the curve as well as the upright. There isn't the sufficient space for the second stroke.
