human experience of death from every angle the spiritual the historical the physical the metaphysical from the perspective of those who have witnessed it those who face it and those who have somehow stepped back from it *The End* investigates an experience common to every single one of us and does so in a way that is engaging compelling a bit funny and a bit quirky in places heartbreaking in others but most of all fascinating *The End* provides a different framework through which to view death instead of the fear and mystery that so often shrouds this incredibly important moment of life
