Processes Yulia Tolstikov-Mast, Franziska Bieri, Jennie L. Walker, 2021-11-29 An invaluable contribution to the area of leadership studies the *Handbook of International and Cross Cultural Leadership Research Processes Perspectives Practice Instruction* brings together renowned authors with diverse cultural academic and practitioner backgrounds to provide a comprehensive overview and analysis of all stages of the research process The handbook centers around authors international research reflections and experiences with chapters that reflect and analyze various research experiences in order to help readers learn about the integrity of each stage of the international leadership research process with examples and discussions Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies Part II focuses on methodological challenges and opportunities Scholars share insights on their research practices in different stages of international and cross cultural studies Part III is forward looking in preparing readers to respond to complex realities of the leadership field teaching learning publishing and applying international and cross cultural leadership research standards with integrity The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies The handbook is an excellent resource for a broad audience including scholars across disciplines and fields such as psychology management history cognitive science economics anthropology sociology and medicine as well as educators consultants and graduate and doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western paradigm

The Palgrave International Handbook of Action Research Lonnie L. Rowell, Catherine D. Bruce, Joseph M. Shosh, Margaret M. Riel, 2016-10-26 The *Palgrave International Handbook of Action Research* offers a vivid portrait of both theoretical perspectives and practical action research activity and related benefits around the globe while attending to the cultural political social historical and ecological contexts that localize shape and characterize action research Consisting of teachers youth workers counselors nurses community developers artists ecologists farmers settlement dwellers students professors and intellectual activists on every continent and at every edge of the globe the movement sustained and inspired by this community was born of the efforts of intellectual activists in the mid twentieth century specifically Orlando Fals Borda Paulo Freire Myles Horton Kurt Lewin Cross national issues of networking as well as the challenges tensions and issues associated with the transformative power of action research are explored from multiple perspectives providing unique contributions to our understanding of what it means to do action research and to be an action researcher This handbook sets a global action research agenda and map for readers to consider as they embark on new projects

Ethics, Law and Natural Hazards Lauren Traczykowski, 2021-03-08 This book argues that the international community has a moral duty to intervene on behalf of a population affected by a natural hazard when their government is either unable or unwilling to provide basic life saving assistance The work draws on law international relations theory and political philosophy to

articulate that non response to a natural hazard is unethical In providing policy suggestions the author articulates what should happen based on an ethical analysis Readers will thus gain an ethical lens with which to view intervention in the aftermath of a natural hazard The book encourages readers to consider the nuances of arguments from various disciplines about whether or not intervention is appropriate Whilst arguing throughout that an intervention policy in response to natural hazards should be developed by the international community the study also accounts for why intervention should only be used in very limited situations This interdisciplinary approach makes the book essential reading for researchers academics and policy makers working in the areas of international law humanitarian studies human rights international relations and political science

India in South Asia Amit Ranjan,2019-05-11 This book discusses the perceptions India has about its South Asian neighbours and how these neighbours in turn perceive India While analyzing these perceptions contributors who are eminent researchers in international relations have linked the past with present They have also examined the reasons for positive or negative opinions about the other and actors involved in constructing such opinions In 1947 after its independence India became part of a disturbed South Asia with countries embroiled in problems like boundary disputes identity related violence etc India itself inherited some of those problems and continues to walk the tight rope managing some of them Traditionally seventy years of India s South Asia policy can roughly be categorized into three overlapping phases The first one Nehruvian phase which viewed the region through a prism of an internationalist the second one interventionist phase tried to shape neighbours policies to suit India s interests and the third accommodative phase when policy makers attempted to accommodate the demands of the neighbours in India s policy discourses These are not ossified categories so one can find that policy adopted during one phase was also used in the other Keeping the above in mind the book discusses India s role in managing and navigating through challenges of the presence of external regional and international powers power rivalries in South Asia India s maritime policy and her relationship with extended neighbours and India being visualized as a soft power by South Asian countries It will certainly appeal to the academicians students journalists policy makers and all those who are interested in South Asian politics

The Routledge International Handbook of Language Education Policy in Asia Andy Kirkpatrick,Anthony J. Liddicoat,2019-04-17 This must have handbook offers a comprehensive survey of the field It reviews the language education policies of Asia encompassing 30 countries sub divided by regions namely East Southeast South and Central Asia and considers the extent to which these are being implemented and with what effect The most recent iteration of language education policies of each of the countries is described and the impact and potential consequence of any change is critically considered Each country chapter provides a historical overview of the languages in use and language education policies examines the ideologies underpinning the language choices and includes an account of the debates and controversies surrounding language and language education policies before concluding with some predictions for the future

Comprendre les organisations humanitaires François

Audet,2018-04-19T00:00:00-04:00 Bas sur l'étude de neuf organisations le présent ouvrage s'intéresse au comportement et au fonctionnement des organisations internationales humanitaires Il met en lumière les tensions bureaucratiques internes avec d'une part l'utilité fonctionnaliste des organisations humanitaires qui leur procure un rôle d'intérêt public de prestation de services sociaux et de redistribution de la richesse et d'autre part des considérations d'ordres stratégique et managérial Leur indépendance par rapport aux autorités et politiques publiques est mise en doute et l'impossibilité d'harmoniser leur mission avec leur modèle de gestion est pointé du doigt Cet ouvrage s'inscrit dans le débat sur les processus décisionnels des organisations humanitaires d'ailleurs entre ce qu'elles doivent faire et ce qu'elles espèrent faire pour réaliser leur mission renforcer les organisations locales protéger les civils et assurer leur survie
