unanimously declared it as the best self study course Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market What is the secret of its great popularity Maybe a no nonsense down to earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners In any case it is not just another crash course that begins with a bang but ends with a whimper Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time The most important part of this self study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation that arises out of lack of confidence Many people who have good command over the language and are well aware of its grammar and composition can't speak the language fluently Why The answer is simple While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line This creates not only confusion but utter chaos in their mind As a result they feel great hesitation to speak simple sentences In some cases however the problem is more complex as they lack the basic knowledge of the English language Rapidex English Speaking Course takes care of both the cases So what are you waiting for Go ahead and discover the secret of fluency in English speaking Explore and develop your hidden potential and face the world with a new found confidence and smartness Only the sky should be your limit No matter which language you know or speak be it Hindi Marathi Gujarati Tamil Telegu Assami Oriya Kannad Punjabi Bengali Nepali or Urdu with the help of this book English will no more be a foreign language for you A must for every Indian home v spublishers
