**Universidad de México**, 2018-06 ¿Qué me pasa, doctor? Javier Figuero Espadas, Juan Orellana Gutiérrez de Terán, 2024-12-31 El siglo XXI ha traído debajo del brazo cambios sustanciales a tantos niveles cultural social tecnológico climático político sanitario que bien puede hablarse de un cambio de época del fin de una civilización que da paso a otra nueva La familia como institución milenaria es una de esas realidades que ha sufrido una honda transformación Ya no existe un modelo familiar compartido sino que en la sociedad coexisten de hecho diversas fórmulas que tienen sendas repercusiones en sus miembros El mundo del cine y de las series de televisión como siempre ha hecho refleja lo que ocurre en la sociedad pero también induce comportamientos en la misma En ese sentido las nuevas experiencias familiares con sus luces y sus sombras sus problemáticas y sus sanaciones han encontrado un gran eco en las producciones audiovisuales de este siglo En este libro pretendemos recoger distintas aportaciones que ilustran la forma en la que se representan los vínculos y relaciones familiares en películas y series contemporáneas No queremos ofrecer únicamente una fría exposición de lo que hay en las pantallas sino también tratar de suscitar con toda humildad una reflexión y un juicio que puedan encender una cierta luz en medio de nuestro confuso presente

**El día que aprendí que no sé amar** Aura García-Junco, 2021-10-15 Seamos progres conservadores o quimeras el peso otorgado a la idea de exclusividad en una relación amorosa es un tema que levanta pasiones En el fondo se nos educa para aspirar a una utopía al día en que finalmente descubramos el Amor Verdadero y encontremos a nuestra media naranja Pero la fantasía del amor romántico lejos de ser la eterna felicidad que nos promete es el origen de muchas de nuestras miserias y está atravesada por expectativas que conjuntan contexto político cultural e historia personal Más que una crítica a la monogamia El día que aprendí que no sé amar es un anti manual para repensar los patrones que mantienen a la sociedad dividida en un binarismo violento que cosifica al otro y nos impide crear expectativas más

**The Solitude of Self** Vivian Gornick,2006-09-05 Elizabeth Cady Stanton along with her comrade in arms Susan B Anthony was one of the most important leaders of the movement to gain American women the vote But as Vivian Gornick argues in this passionate vivid biographical essay Stanton is also the greatest feminist thinker of the nineteenth century Endowed with a philosophical cast of mind large enough to grasp the immensity that women s rights addressed Stanton developed a devotion to equality uniquely American in character Her writing and life make clear why feminism as a liberation movement has flourished here as nowhere else in the world Born in 1815 into a conservative family of privilege Stanton was radicalized by her experience in the abolitionist movement Attending the first international conference on slavery in London in 1840 she found herself amazed when the conference officials refused to seat her because of her sex At that moment she realized that In the eyes of the world I was not as I was in my own eyes I was only a woman At the same moment she saw what it meant for the American republic to have failed to deliver on its fundamental promise of equality for all In her last public address *The Solitude of Self* delivered in 1892 she argued for women s political equality on the grounds that loneliness is the human condition and that each citizen therefore needs the tools to fight alone for his or her interests Vivian Gornick first encountered *The Solitude of Self* thirty years ago Of that moment Gornick writes I hardly knew who Stanton was much less what this speech meant in her life or in our history but it I can still remember thinking with excitement and gratitude as I read these words for the first time eighty years after they were written We are beginning where she left off *The Solitude of Self* is a profound distilled meditation on what makes American feminism American from one of the finest critics of our time

*Emma Goldman* Vivian Gornick,2011-10-04 Emma Goldman is the story of a modern radical who took seriously the idea that inner liberation is the first business of social revolution Her politics from beginning to end was based on resistance to that which thwarted the free development of the inner self The right to stay alive in one s senses to enjoy freedom of thought and speech to reject the arbitrary use of power these were key demands in the many public protest movements she helped mount Anarchist par excellence Goldman is one of the memorable political figures of our time not because of her gift for

theory or analysis or even strategy but because some extraordinary force of life in her burned without rest or respite on behalf of human integrity and she was able to make the thousands of people who for decades on end flocked to her lectures feel intimately connected to the pain inherent in the abuse of that integrity To hear Emma describe in language as magnetic as it was illuminating what the boot felt like on the neck was to experience the mythic quality of organized oppression As the women and men in her audience listened to her the homeliness of their own small lives became invested with a sense of drama that acted as a catalyst for the wild vagrant hope that things need not always be as they were All you had to do she promised was resist In time she herself would become a world famous symbol for the spirit of resistance to the power of institutional authority over the lone individual In Emma Goldman Vivian Gornick draws a surpassingly intimate and insightful portrait of a woman of heroic proportions whose performance on the stage of history did what Tolstoy said a work of art should do it made people love life more
