Business Research Pieter W. Buys, Merwe Oberholzer, 2023-03-14 This book focuses on research methodologies that apply to business research particularly for researchers and managers embarking thereon to support managerial decision making in the industry In doing so the book s objective is to guide business researchers in identifying defining and applying rigorous academic methodologies that will enable them to formulate design and execute effective research that answers their specific management problems Such guidance can empower organizational managers to understand that business research can contribute to practical solutions to actual problems experienced in the industry In addition by emphasizing the integrative nature between 1 academic research and 2 experienced industry problems it becomes possible to foster an awareness of such research s potential impact on organizational performance management sustainability and resilience With that attention is given to narrowing the gap between theory and practice which requires that fundamentals of scientific research be adhered to while maintaining the delicate balance between a practice friendly guide to pragmatically sound and academically rigorous business research

Financial Reporting, 4th Edition Janice Loftus, Ken Leo, Sorin Daniliuc, Belinda Luke, Hong Nee Ang, Mike Bradbury, Dean Hanlon, Noel Boys, Karyn Byrnes, 2022-10-24 The most authoritative financial reporting text for second and third year courses Loftus Financial Reporting is back in a new fourth edition with updates to the Australian Accounting Standards up to May 2022 making it the most current book on the market New to this edition is an entire chapter on ethics a completely reworked sustainability chapter and an expanded integration of New Zealand standards and examples The new edition encourages students to not only develop a conceptual understanding of the content but to also apply it in a variety of

practical contexts Supported by a variety of digital resources like interactive worked problems and questions with immediate feedback Financial Reporting is a textbook designed for an engaging interactive learning experience *Teaching IFRS* Richard M.S. Wilson,Ralph W. Adler,2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

Research in Accounting Regulation Gary Previts,2006-01-27 The scope of service provided by professional accountants is influenced by legislation and case law as well as the dictates of a variety of government and private sector agencies including State Boards of Accountancy Academic Accreditation Bodies the United States Securities and Exchange Commission the Public Accounting Oversight Board independent standard setting bodies such as the Federal Accounting Standards Advisory Board US the Financial Accounting Standards Board US and the International Accounting Standards Board These entities and self regulatory organizations such as U S State Societies of CPAs and the American Institute of Certified Public Accountants and equivalent and emerging national bodies that exist in most developed and developing countries are among the emerging entities which attempt to coordinate the activities of professional accountants among sovereign nations It is important for academics students practitioners regulators and researchers to consider and study the role and relationship of such bodies with the practice and content of our discipline Research in Accounting Regulation seeks high quality manuscripts which address accounting regulatory policy broadly defined including 1 self regulatory activities 2 case law and litigation 3 legislation and government regulation 4 the economics of regulation of markets and disclosure including modeling 5 matters involving the structure of education licensing and accreditation The editors encourage submission of original empirical behavioral or applied research manuscripts which consider strategic and policy implications for regulation regulatory models and markets It is intended for individual researchers practitioners regulators and students of accountancy who desire to increase their understanding of the regulation of accountancy **Accounting and Auditing Standards for Islamic Financial Institutions** Mohd Ma'Sum Billah,2021-11-29 While accounting and audit functions are significantly regulated and standardized in conventional financial industries and activities through the implementation of

International Accounting Standards and International Financial Reporting Standards as well as other international regional and local regulations this is not the case for Islamic financial organizations Rather than having their own set of comprehensive accounting or auditing standards or policies these are based in some cases on the Accounting and Auditing Organization for Islamic Financial Institutions AAI OFI the Islamic Financial Services Board IFSB s standards and Shari ah based local policies This book is a timely and comprehensive overview of accounting and auditing standards within the doctrine of Shari ah It offers a significant contribution to the field and a wealth of technical know how It analyzes Islamic accounting and auditing both in theory and practice and from a distinctly international perspective The chapters are arranged in a systematic and logical way making it easily accessible and engaging The book evaluates the existing standards and widens the scope of the discourse to include Maqasid al Shari ah Islamic accounting and audit models and standards as well as offering practical policy recommendations The author presents a Shari ah justified solution to Islamic Accounting and Audit and offers guidance on overcoming the challenges to implementing Islamic Accounting and Auditing Standards The book is a unique and exhaustive guide and as such will be an invaluable resource for academics researchers students policymakers as well as practitioners in accounting and auditing firms and financial institutions

Globalisation and Contextual Factors in Accounting Eva Heidhues, Christopher Patel, 2012-03-01 This research monograph critically examines convergence of financial reporting in Germany by taking into account the influence of political social and economic factors on accounting This study makes an original and significant contribution by examining issues and biases in the convergence process that may challenge the assumption of superiority
