A Question of Torture Alfred McCoy,2007-04-01 A startling expos of the CIA s development and spread of psychological torture from the Cold War to Abu Ghraib and beyond In this revelatory account of the CIA s secret fifty year effort to develop new forms of torture historian Alfred W McCoy uncovers the deep disturbing roots of recent scandals at Abu Ghraib and Guant namo Far from aberrations as the White House has claimed *A Question of Torture* shows that these abuses are the product of a long standing covert program of interrogation Developed at the cost of billions of dollars the CIA s method combined sensory deprivation and self inflicted pain to create a revolutionary psychological approach the first innovation in torture in centuries The simple techniques involving isolation hooding hours of standing extremes of hot and cold and manipulation of time constitute an all out assault on the victim s senses destroying the basis of personal identity McCoy follows the years of research which he reveals

compromised universities and the U S Army and the method s dissemination from Vietnam through Iran to Central America He traces how after 9 11 torture became Washington s weapon of choice in both the CIA s global prisons and in torture friendly countries to which detainees are dispatched Finally McCoy argues that information extracted by coercion is worthless making a case for the legal approach favored by the FBI Scrupulously documented and grippingly told *A Question of Torture* is a devastating indictment of inhumane practices that have spread throughout the intelligence system damaging American s laws military and international standing *Iraq and the Lessons of Vietnam* Lloyd C.
