**The 1st International Conference on Net-Zero Built Environment** Mahdi Kioumars, Behrouz Shafei, 2025-01-08

This open access book provides the latest fundamental and practical advances in reducing the built environment's carbon footprint based on a collection of papers presented at the 1st International Conference on Net Zero Built Environment Innovations in Materials Structures and Management Practices held June 19-21, 2024 in Oslo, Norway. The volume presents research investigations and case studies spanning five interrelated domains: New materials and material preparation processes for zero or negative carbon footprint; Robotic construction technologies for minimum formwork and on-site activities; Novel structural designs and details for optimal performance with the least material usage; Advanced condition assessment and health monitoring methods for the longest service life; Innovative life cycle analysis and policy making strategies for effective civil infrastructure management. *Vision Attentive Technology* H.M.K.K.M.B. Herath, A.G.B.P.

Jayasekara, B.G.D.A. Madhusanka, 2024-12-10 This book provides a comprehensive overview of the use of vision attentive technology and artificial intelligence methodologies for functional mobility assessment in elderly populations. *Vision Attentive Technology and Functional Mobility Assessment in Elderly Healthcare* begins with a general introduction to vision attentive technology and its uses in the care of older people. Next, it examines functional mobility in senior populations and offers a critique of the methods used today for evaluation. The authors then present several artificial intelligence approaches and vision aware systems used for screening age-related diseases such as Parkinson's disease and sarcopenia. The book also presents the difficulties and possibilities of using visual attentive technology to identify functional impairments caused by aging. This book would be helpful to researchers in the field of healthcare, especially those interested in using technology to enhance patient outcomes. Geriatricians, physical therapists, and occupational therapists who treat older patients will also benefit from reading this book. It will also be helpful to readers who are studying biomedical engineering, artificial intelligence, and healthcare. *Index Medicus*, 2002 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings

**Comprehensive Dissertation Index**, 1984 Vols for 1973 include the following subject areas: Biological sciences, Agriculture, Chemistry, Environmental sciences, Health sciences, Engineering, Mathematics and statistics, Earth sciences, Physics, Education, Psychology, Sociology, Anthropology, History, Law, political science, Business, economics, Geography, regional planning, Language, literature, Fine arts, Library information science, Mass communications, Music, Philosophy and Religion.

*Who's who in the South and Southwest*, 1993

**Potential Uses of Blockchain by the U.S. Department of Defense**

Victoria Adams, 2020 To continue its standing as a world leader in technological innovation, the United States needs to engage with policymakers, the private sector, and academia to promote the research and development of blockchain technology. While China and Russia have invested millions of dollars worth of research and development (R&D) into the technology, the policymakers of our country are still trying to understand what the technology is, and our regulators are still

trying to enforce old laws on the new technology This paper highlights existing use cases of blockchain or more broadly speaking distributed ledger technologies DLT which the U S Department of Defense DoD can study to determine how to best implement its applications

Thank you extremely much for downloading **Development Case Study United States 43 1630 Blockchain Development Case**. Most likely you have knowledge that, people have look numerous period for their favorite books next this Development Case Study United States 43 1630 Blockchain Development Case, but stop occurring in harmful downloads.

Rather than enjoying a fine PDF when a cup of coffee in the afternoon, on the other hand they juggled when some harmful virus inside their computer. **Development Case Study United States 43 1630 Blockchain Development Case** is approachable in our digital library an online access to it is set as public appropriately you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency times to download any of our books following this one. Merely said, the Development Case Study United States 43 1630 Blockchain Development Case is universally compatible in imitation of any devices to read.
