Hero Perry Moore

Mark Steyvers

Hero Perry Moore :

Hero Perry Moore, 2007-08-28 Thom Creed is used to being on his own Even as a highschool basketball star he has to keep his distance because of his father Hal Creed had once been one of the greatest and most beloved superheroes of The League until the Wilson Towers incident After that Thom s mother disappeared and his proud father became an outcast DIV The last thing in the world Thom would ever want is to disappoint his father So Thom keeps two secrets from him First is that he s gay The second is that he has the power to heal people Initially Thom had trouble controlling his powers But with trial and error he improves until he gets so good that he catches the attention of the League and is asked to join Even though he knows it would kill his dad Thom can t resist When he joins the League he meets a motely crew of other heroes including tough talking Scarlett who has the power of fire from growing up near a nuclear power plant Typhoid Larry who makes everyone sick by touching them but is actually a really sweet guy and wise Ruth who has the power to see the future Together these unlikely heroes become friends and begin to uncover a plot to kill the superheroes DIV Along the way Thom falls in love and discovers the difficult truth about his parents past This is a moving funny and wonderfully original novel that shows that things are not always what they seem and love can be found in the unlikeliest of places [Villains and Heroes, or Villains as Heroes? Essays on the Relationship between Villainy and Evil](#) Luke Seaber, 2020-10-12 What constitutes a villain How does villainy differ from evil Do villains created for children s fiction differ from those created for adults The villains considered in this volume come from an eclectic range of sources from comic books to film and from novels to television serials and a broad selection of times and places Villains continue to raise troubling questions about the role of narrative in both fiction and real life **Guernsey Breeders' Journal** ,1921 **Comic Book Crime** Nickie D. Phillips, Staci Strobl, 2013-07-15 Superman Batman Daredevil and Wonder Woman are iconic cultural figures that embody values of order fairness justice and retribution Comic Book Crime digs deep into these and other celebrated characters providing a comprehensive understanding of crime and justice in contemporary American comic books This is a world where justice is delivered where heroes save ordinary citizens from certain doom where evil is easily identified and thwarted by powers far greater than mere mortals could possess Nickie Phillips and Staci Strobl explore these representations and show that comic books as a historically important American cultural medium participate in both reflecting and shaping an American ideological identity that is often focused on ideas of the apocalypse utopia retribution and nationalism Through an analysis of approximately 200 comic books sold from 2002 to 2010 as well as several years of immersion in comic book fan culture Phillips and Strobl reveal the kinds of themes and plots popular comics feature in a post 9 11 context They discuss heroes calculations of deathworthiness or who should be killed in meting out justice and how these judgments have as much to do with the hero s character as they do with the actions of the villains This fascinating volume also analyzes how class race ethnicity gender and sexual orientation are used to construct difference for both the heroes and the villains in ways that are

both conservative and progressive Engaging sharp and insightful Comic Book Crime is a fresh take on the very meaning of truth justice and the American way **In Transition** Emily Corbett,2024-05-28 The first book length work of its kind In Transition Young Adult Literature and Transgender Representation examines the shift in the young adult book market towards increased representation of transgender characters and authors Through a comprehensive exploration of historical conventions genres character diversity and ideologies of trans representation Emily Corbett traces the roots of trans literature from its beginnings in a cisgender dominated publishing world to the recent rise in trans creators characters and implied readers Corbett describes how trans ness was initially perceived as an issue to be overcome by cisgender authors and highlights the ways in which the market has changed Through careful analysis of texts that have until now received little scholarly attention Corbett weaves together different theoretical approaches and fields of study to provide a map of the textual and cultural histories of this twenty first century publishing phenomenon Focusing on trans authorship authentic storytelling and intersectional diversity this book charts changing public attitudes the YA book market and the unique sociocultural moment in which these books are published In Transition contributes new perspectives on the intersections of adolescence and trans ness and sheds light on a dynamic subset of YA literature that has yet to receive sustained analysis

People ,2007-09 **The Children's Table** Anna Mae Duane,2013-06-01 Like the occupants of the children s table at a family dinner scholars working in childhood studies can seem sidelined from the adult labor of humanities scholarship The Children s Table brings together scholars from architecture philosophy law and literary and cultural criticism to provide an overview of the innovative work being done in childhood studies a transcript of what is being said at the children s table Together these scholars argue for rethinking the academic seating arrangement in a way that acknowledges the centrality of childhood to the work of the humanities The figure we now recognize as a child was created in tandem with forms of modernity that the Enlightenment generated and that the humanities are now working to rethink Thus the growth of childhood studies allows for new approaches to some of the most important and provocative issues in humanities scholarship the viability of the social contract the definition of agency the performance of identity and the construction of gender sexuality and race Because defining childhood is a means of defining and distributing power and obligation studying childhood requires a radically altered approach to what constitutes knowledge about the human subject The diverse essays in The Children s Table share a unifying premise to include the child in any field of study realigns the shape of that field changing the terms of inquiry and forcing a different set of questions Taken as a whole the essays argue that at this key moment in the state of the humanities rethinking the child is both necessary and revolutionary Contributors Annette Ruth Appell Sophie Bell Robin Bernstein Sarah Chinn Lesley Ginsberg Lucia Hodgson Susan Honeyman Roy Kozlovsky James Marten Karen S nchez Eppler Carol Singley Lynne Vallone John Wall *Forgotten Heroes* William Wilbanks,1998 The stories of 117 officers from the years 1840 through 1925 who were killed in the line of duty **The Herd Register of the**
