organized around a number of the most critical questions in the current field. Articles in each of these areas were selected primarily on the basis of providing you the reader with the latest information as well as varying opinions on a wide variety of literacy topics. One of the primary goals of this book is for you to use these readings as a springboard for further investigation in topics that interest you related to effective literacy instruction. Each of the chapters includes a selection of related readings for additional study in a particular area of reading education. These can be used for in depth study as well as a basis for personal research and writing of related class papers and presentations. The field of literacy education is a rapidly expanding and changing area in education. We hope you find the materials in this book to be both challenging and interest as you continue your study of this field. Thank you Dick Robinson, Mike McKenna, Issues and Trends in Literacy Education Richard David Robinson, Michael C. McKenna, Judy M. Wedman, 1996. Issues and Trends in Literacy Education Second Edition is a unique friendly reference designed to provide necessary information needed by both pre service and in service educators to better understand the various viewpoints in the ever changing field of literacy education. Current topics of interest are identified with articles, related references, discussion questions, application ideas, and an annotated bibliography of related resources. After using this book, students will be well versed in reading education and will be able to decide upon and articulate their own informed approach to reading education. For readers interested in literacy education, **Resources in Education**, 1999, *Bibliographic Guide to Education 2003* GK Hall, 2004-10. The *Bibliographic Guide to Education* lists recent publications cataloged during the past year by Teachers College, Columbia University, supplemented by publications in the field of education cataloged by The Research Libraries of The New York Public Library, selected on the basis of subject headings. Non-book materials, including theses, are included in this Guide, with the exception of serials. All aspects and levels of education are represented in this Guide, including such areas as American elementary and secondary education, higher and adult education, early childhood education, history and philosophy of education, applied pedagogy, international and comparative education, educational administration, education of the culturally disadvantaged and physically handicapped, nursing education, and education of minorities and women. Also well covered are the administrative reports of departments of education for various countries and for U.S. states and large cities. The Teachers College collection covers over 200 distinct educational systems. Works in all languages are included. The *Bibliographic Guide to Education* serves in part as an annual supplement to the *Dictionary Catalog of the Teachers College Library, Columbia University*. G. K. Hall, Second Supplement 1973, Third Supplement 1977. **Subject Guide to Books in Print**, 2001. **Teaching Reading and Writing Through Children's Literature**. Sue K. Bradley, Jack Bradley, Shirley Ermis, 2003-09-10. *Teaching Reading and Writing Through Children's Literature* is a guide that enhances children's enjoyment and understanding of books while focusing on skills instruction. Although there are numerous books published in relation to this topic, this manual is unique in that the exercises are designed for use with any book rather than assigning a particular title to a lesson. Specific skills instruction, higher order

thinking and reading comprehension are all emphasized Lesson activities are designed for students in grades K 8
