Skorzeny Glenn B. Infield, 1988-11-01 Otto Skorzeny Stuart Smith, 2020 Het bizarre levensverhaal van SS'er Otto Skorzeny die door sommigen de gevaarlijkste man van Europa werd genoemd *Hitler's Irishmen* Terence O'Reilly, 2008 During the Second World War two young Irishmen served in the armed forces of Nazi Germany swearing the oath of the Waffen SS and wearing the organisation's uniform and even its distinctive blood group tattoo Ironically these young men had originally joined an Irish regiment of the British army and but for a twist of fate would have ended up fighting against the Germans Instead the pair were recruited to the German special forces after they were captured on the island of Jersey Under the command of Otto Skorzeny the man who rescued Italian dictator Benito Mussolini from a mountain top prison they were involved in some of the most ferocious fighting of the war in the last days of the Third Reich This account which also covers some of the other Irishmen who sided with Nazi Germany draws heavily on their own accounts and on state papers which have been released in recent years

The Hitler Legacy Levenda, Peter, 2014-11-08 Peter Levenda's extensive investigative work begun in 1979 and published as *Unholy Alliance* and continued through his recent ground breaking revelations in *Ratline* of an Indonesian route in the Nazi escape of war criminals and their network is in depth researched in *The Hitler Legacy* of the impact and influence of the Nazi underground on terrorism and global security past and present

My Commando Operations Otto Skorzeny, 1995 The first unabridged English edition of the memoirs of the infamous Otto Skorzeny and Austrian born German SS Obersturmbannführer in the Waffen SS during World War II Otto Skorzeny's fame began with the successful raid to free

Benito Mussolini from the Gran Sasso Italy in 1943 His elite commandos surprised Italian guards in a daring daytime raid Hitler presented Skorzeny with the Knight s Cross for this operation This raid is explained in minute detail in this book along with many of Skorzeny s previously unknown operations in all European and Russian theatres of World War II in detailed accounts Operation Griffin the innovative use of German Kommandos dressed as American soldiers working behind enemy lines during the Ardennes Offensive in 1944 is given in depth coverage as is Skorzeny s remembrances on the Malmedy massacre Skorzeny also offers his insights into the mysterious Rudolf Hess mission to England in May 1941 and offers a behind the scenes look at German and Russian secret military intelligence and the workings of Canaris and Gehlen

Unsung Heroes of the Dachau Trials John J. Dunphy,2024-08-28 The U S Army 7708 War Crimes Group investigated atrocities committed in Germany and Nazi occupied Europe during World War II These young Americans many barely out of their teens gathered evidence interviewed witnesses apprehended suspects and prosecuted defendants at trials held at Dachau Their work often put them in harm s way some suspects facing arrest preferred to shoot it out The War Crimes Group successfully prosecuted the perpetrators of the Malmedy Massacre in which 84 American prisoners of war were shot by their German captors and Waffen SS commando Otto Skorzeny aptly described as the most dangerous man in Europe Operation Paperclip however placed some war criminals scientists and engineers recruited by the U S government beyond their reach From the ruins of the Third Reich arose a Nazi underground that preyed on Americans especially members of the Group

Spec Ops William H. McRaven,2009-02-04 Vice Adm William H McRaven helped to devise the strategy for how to bring down Osama bin Laden and commanded the courageous U S military unit that carried it out on May 1 2011 ending one of the greatest manhunts in history In Spec Ops a well organized and deeply researched study McRaven analyzes eight classic special operations Six are from WWII the German commando raid on the Belgian fort Eben Emael 1940 the Italian torpedo attack on the Alexandria harbor 1941 the British commando raid on Nazaire France 1942 the German glider rescue of Benito Mussolini 1943 the British midget submarine attack on the Tirpitz 1943 and the U S Ranger rescue mission at the Cabanatuan POW camp in the Philippines 1945 The two post WWII examples are the U S Army raid on the Son Tay POW camp in North Vietnam 1970 and the Israeli rescue of the skyjacked hostages in Entebbe Uganda 1976 McRaven who commands a U S Navy SEAL team pinpoints six essential principles of spec ops success simplicity security repetition surprise speed and purpose For each of the case studies he provides political and military context a meticulous reconstruction of the mission itself and an analysis of the operation in relation to his six principles McRaven deems the Son Tay raid the best modern example of a successful spec op which should be considered textbook material for future missions His own book is an instructive textbook that will be closely studied by students of the military arts Maps photos America's Military Adversaries John C. Fredriksen,2001-12-05 This work chronicles the lives and accomplishments of over 200 enemies who have fought plotted spied on and in some instances defeated U S forces over the past three centuries Books on American

military heroes abound But this book is the first to focus on America s talented enemies the generals admirals Indian chiefs and warriors submarine captains fighter pilots and spies who opposed the United States with military force or other means Often these military leaders were among the best minds of their times For more than two centuries the new nation s most constant military opponents were the Native Americans led by such capable chiefs as American Horse and Little Wolf Under D Iberville Canada s French colonialists became formidable foes but they were soon surpassed by the rigorously disciplined redcoats of Great Britain under Howe and Cornwallis Ironically the most effective enemies in the history of the United States were not the leaders of foreign military forces like Mexico s Santa Anna Japan s Yamamoto or Vietnam s Vo Nguyen Giap They arose from among its own citizens during the Civil War the bloodiest conflict in American history *For Germany Otto Skorzeny,2005 Military History and Collectibles* Otto Skorzeny only rose to the rank of Colonel in the SS yet is one of the best known and colorful figures of the Third Reich in large part because of the faith Hitler had in the tall Austrian engineer Many books have been written about his career to include autobiographies but before he died in 1975 he personally entrusted Bender Publishing with the formidable task of producing the most detailed up dated and best illustrated version of his incredible life story A quarter of a century later after painstaking research into the text and a hunt for unpublished illustrations the ultimate story of Scarface Skorzeny the most dangerous man in Europe and Hitler s commando extraordinary is finally available Complete with an exhaustive index providing biographical details not found in the text this is likely to be the last word on this larger than life personality one of the great characters of World War II *Skorzeny's Special Missions* Otto Skorzeny,1997-08-01 [The Enemy of My Enemy](#) George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups **Hitler and His Secret Partners** James Pool,1997 In this powerful expose about Hitler s secret funding James Pool tells the full story of the financial calculation exploitation and greed at the core of the Third Reich including startling revelations about those who provided Hitler with money and the moral support he needed The current furor over Nazi money held in Swiss banks makes this book extremely timely photos Print reviews

The SS Hunter Battalions Alexander Perry Biddiscombe,2006 Conventional wisdom suggests that the Allies and the Soviets were the only side in the Second World War to support resistance movements in occupied countries However based on recently released archival sources *The SS Hunter Battalions* shows that Hitler had his own version of the SOE and the OSS and that the Nazis too encouraged underground resistance against their enemies especially as Europe was liberated in 1944 45 The Nazis tried to exploit the misguided activism of ex collaborators ethnic nationalists and rabid anti communists but their efforts were clumsy and they were hamstrung by the sordid reputation that they had gained as wartime occupiers In addition the German commandos and spy masters in charge of the project hindered their own efforts through infighting ill

discipline and a misconceived appreciation of their ability to motivate violent dissent. Nonetheless, the Germans supported as many as 700,000 anti-Soviet partisans during the last year of the war, and even in liberated France and Italy, they bolstered small anti-Allied cells and bands. As Perry Biddiscombe demonstrates, such efforts were not mere transitory occurrences but touched upon the origin of the Cold War and the roots of postwar Euro-fascism. Hitler and His Henchmen, 1967 **Otto Skorzeny** Stuart Smith, 2019-10-31 SS Obersturmbannführer Otto Skorzeny became a legend in his own time. Hitler's favourite commando acquired a reputation as a man of daring, renowned for his audacious 1943 mission to extricate Mussolini from a mountain-top prison. Skorzeny's influence on special operations doctrine was far-reaching and long-lasting. In 2011, when US Navy SEALs infiltrated Pakistan to eliminate Osama Bin Laden, the operational planning was influenced by Skorzeny's legacy. Yet he was also an egoist who stole other men's credit, including for the seminal rescue of Mussolini. Brave and resourceful but also an unrepentant Nazi and a self-aggrandizing hogger of the limelight, Stuart Smith draws on years of in-depth research to uncover the truth about Skorzeny's career and complex personality. From his background as a student radical in Vienna to his bloody service with the Waffen-SS on the Eastern Front, his surprise rebirth as a commando, and his intriguing post-war career and mysterious fortune, this book tells Otto Skorzeny's story in full, warts and all, for the first time. Hitler's Heirs Paul Meskil, 1961
