

Finance Research Paper Topics

Peijie Wang

Finance Research Paper Topics:

Financial Economics and Econometrics Nikiforos T. Laopodis, 2021-12-14 *Financial Economics and Econometrics* provides an overview of the core topics in theoretical and empirical finance with an emphasis on applications and interpreting results. Structured in five parts, the book covers financial data and univariate models, asset returns, interest rates, yields, and spreads, volatility and correlation, and corporate finance and policy. Each chapter begins with a theory in financial economics followed by econometric methodologies which have been used to explore the theory. Next, the chapter presents empirical evidence and discusses seminal papers on the topic. Boxes offer insights on how an idea can be applied to other disciplines such as management, marketing, and medicine, showing the relevance of the material beyond finance. Readers are supported with plenty of worked examples and intuitive explanations throughout the book, while key takeaways test your knowledge and test your intuition. Features at the end of each chapter also aid student learning. Digital supplements including PowerPoint slides, computer codes, and supplements are available for instructors. This textbook is suitable for upper-level undergraduate and graduate courses on financial economics, financial econometrics, empirical finance, and related quantitative areas.

Financial Econometrics, *Financial Econometrics* Peijie Wang, 2008-09-19. This book provides an essential toolkit for all students wishing to know more about the modelling and analysis of financial data. Applications of econometric techniques are becoming increasingly common in the world of finance, and this second edition of an established text covers the following key themes: unit roots, cointegration, and other developments.

Consumer Finance Law Quarterly Report, 1984 **Scholastics's A+ Guide to Research and Term Papers** Louise Colligan, 1984-08. Contains grammar tips to improve communication skills. Includes a glossary of confusing words, punctuation pointers, capitalization, etc.
