Jonathan I. Israel, 2019-11-28 The Enlightenment that Failed explores the growing rift between those Enlightenment trends
and initiatives that appealed exclusively to elites and those aspiring to enlighten all of society by raising mankind's
awareness, freedoms, and educational level generally. Jonathan I. Israel explains why the democratic and radical secularizing
tendency of the Western Enlightenment, after gaining some notable successes during the revolutionary era 1775-1820 in
numerous countries, especially in Europe, North America, and Spanish America, ultimately failed. He argues that a populist
Robespierrieste tendency, sharply at odds with democratic values and freedom of expression, gained an ideological advantage
in France and that the negative reaction this generally provoked caused a more general anti-Enlightenment reaction, a
surging anti-intellectualism combined with forms of religious revival that largely undermined the longings of the deprived
underprivileged and disadvantaged and ended by helping, albeit often unwittingly, conservative anti-Enlightenment ideologies
to dominate the scene. The Enlightenment that Failed relates both the American and the French revolutions to the
Enlightenment in a markedly different fashion from how this is usually done, showing how both great revolutions were
fundamentally split between bitterly opposed and utterly incompatible ideological tendencies. Radical Enlightenment, which
had been an effective ideological challenge to the prevailing monarchical aristocratic status quo, was weakened, then almost
entirely derailed and displaced from the Western consciousness in the 1830s and 1840s by the rise of Marxism and other
forms of socialism **Six Sketches for One Lady and One Gentleman** Alice Halsey, 1934 [Catalog of Copyright Entries](#)
