

HOW TO WRITE A *Journalistic Chronicle*

Entrance

The journalistic chronicle begins with an attractive hook to grab readers' attention without overwhelming them with too much information upfront.

Story chronological

The narration of the body of the note must contain the dramatization and climax of the chronicle, with increasing and decreasing actions to be able to handle the tension of the story.

Data

The text must offer basic information that completes the necessary points to understand and answer the traditional questions (what, who/is, where, when, why).

Final

The closing can include a serif that goes back to the hook that started the text.

The Undeclared War between Journalism and Fiction D. Underwood,2013-09-25 In this volume Doug Underwood asks whether much of what is now called literary journalism is in fact literary and whether it should rank with the great novels by such journalist literary figures as Twain Cather and Hemingway who believed that fiction was the better place for a realistic writer to express the important truths of life

Representations of Lethal Gender-Based Violence in Italy Between Journalism and Literature Nicoletta Mandolini,2021-08-15 This book discusses femicide in Italy and the cultural conversations that have resulted from feminist discourse on lethal violence against women entering the mainstream by analyzing journalistic inquiries and literary works produced after 2012 In a global and national context where activism s goals are mainly discursive this study deepens our understanding of the role played by written narratives in the critique of a public interest matter such as gender based violence The first part of the book is dedicated to the analysis of three journalistic inquiries published in book format that focus on one or more cases of femicide that happened on the Italian peninsula The second section draws on the concept of feminist rewriting to propose the analysis of a heterogeneous body of literary texts that explore some of the most controversial and notorious femicide cases covered by previous journalistic historical or mythical narratives before demonstrating the close connection between theoretical and narrative discourse within the analyzed texts This is a fascinating case study contributing to global understandings of gender based violence
