**Revolution** Michael Walzer,1985-02-10 Noted political philosopher Michael Walzer offers a moving meditation on the political meanings of the biblical story of Exodus Walzer knows his Bible He stands in the growing ranks of contemporary academicians who are discovering in biblical and rabbinic sources a literature rich with significance for modern man Chaim Potok Philadelphia Inquirer Copyright Libri GmbH All rights reserved **Exodus and Revolution** Michael

Walzer,1986-09-01 Examines the political ramifications of Exodus and interprets the biblical story in terms of a framework for modern political radicalism *Exodus und Revolution* Michael Walzer,1988 *To Heal the World?* Jonathan

Neumann,2018-06-26 Offers a critique of Jewish left wing activism and its use of the concept of tikkun olam or 0 healing the world 0 to justify its agenda of transformative change arguing that the concept has no real Biblical basis and is harmful to Judaism **Visions of the Future in Germany and America** Hermann Wellenreuther,Norbert Finzsch,2001-10

Predictions about the world have the power to grip whole societies and shape the actions of many groups whether working in politics ecology or religion At the end of epochs and eras humans tend to reflect on the shape of things to come Most recently fears about the millennium bug had thousands rushing to stock up on candles and food in the weeks before New Year s Eve Concerns about the future have been expressed differently throughout history This book explores the historical context surrounding various debates decisions and beliefs about the future in recent centuries Religious political literary and ecological visions of the future in America and Germany are addressed comparatively In particular scholars from the United States and Germany explore the meaning of eschatological and utopian thoughts pursued during the last three centuries and tackle subjects ranging from science fiction to religious radicalism utopian social experiments and visions of race relations This book delves into the hopes and fears for the future that have shaped the past and will be of interest to comparative historians as well as to historians of Europe and the United States intrigued by the subject of utopias **The Magna Carta of Humanity** Os Guinness,2021-05-11 What kind of revolution brings true freedom to both society and the human soul

Cultural observer Os Guinness contrasts the secular French Revolution with the faith led revolution of ancient Israel Arguing that the story of Exodus is the richest vision for freedom in human history his exploration charts the path to the future for America **Responsibility Matters** Peter A. French,1992 Most of us spend a fair amount of time trying to avoid

responsibility That s not too astounding What is surprising says Peter French is that we tend to dodge the good variety as well as the bad **The New Utopian Politics of Ursula K. Le Guin's The Dispossessed** Laurence Davis,Peter

Stillman,2005-11-22 The Dispossessed has been described by political thinker Andre Gorz as The most striking description I know of the seductions and snares of self managed communist or in other words anarchist society To date however the

radical social cultural and political ramifications of Le Guin's multiple award winning novel remain woefully under explored. Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever collection of original essays devoted to Le Guin's novel. Among the topics covered in this wide ranging international and interdisciplinary collection are the anarchist, ecological, post-consumerist, temporal, revolutionary, and open-ended utopian politics of *The Dispossessed*. The book concludes with an essay by Le Guin written specially for this volume in which she reassesses the novel in light of the development of her own thinking over the past 30 years.

[Ethical Monotheism, Past and Present](#) Wendell S. Dietrich, 2001. In the spirit of Dietrich's work, essays by colleagues and former students of the Brown U professor emeritus explore the boundaries of ethical monotheistic religion historically and as a constructive resource for contemporary religious and ethical thought. Ethical monotheism, the view that monotheistic religion developed toward the prophets' central concern with individual and corporate moral behavior, has dominated modern religious thought since Kant. Dietrich traced its development in Jewish and Christian contexts in his classic monograph *Cohen and Troeltsch* and other works. c. Book News Inc.

**The Jewish Spectator**, 1989. [Religion in Society](#) Ronald L. Johnstone, 2015-11-17. For junior/senior level courses in Religion and Society in departments of Sociology and Religious Studies. Using an unbiased, balanced approach, the 8th edition of this text puts religion in its social context by discussing the impact of society on religion and helps students understand the role and function of religion in society that occur regardless of anyone's claims about the truth or falsity of religious systems.

[The Pluralist Paradigm](#) Sondra Myers, Patrice Brodeur, 2006. As recent elections in Iran and Iraq have shown, the increasing diversity of religious practices around the world may redefine democracy as we know it, leaving many of us to wonder just how compatible religion and democracy really are. *The Pluralist Paradigm* explores this difficult question with essays from a variety of disciplines including theology, philosophy, political science, sociology, and ethics. It will be an ideal reference for anyone concerned with fostering tolerance in a progressively global society.

**The Rational Bible: Numbers** Dennis Prager, 2024-11-19. If you think the Bible is irrelevant, irrational, or even at times immoral, and you have an open mind, *The Rational Bible* will change your mind and influence your outlook on life. You will come to understand why the Bible, and especially its first five books, the Torah, are the most influential books ever written. Equally important, you will understand how they apply to your life. *The Rational Bible*, Dennis Prager's commentary and explanation of these five books, rooted in his expertise in biblical Hebrew and its grammar, is widely considered the most important modern Bible commentary. Read the thousands of reviews on Amazon, written by people of many faiths and of no faith, and you will appreciate why this is so.

*The Book of Numbers: In the Wilderness* in the original Hebrew is the fourth book of the Bible. Among the many compelling issues addressed in this volume are the following: Doubting God: What produces faith, miracles, or effort? And if effort, what efforts work? Arguing with God: Ingratitude as a source of evil. Why only men could be priests. Why the conscience is not morally reliable. Is fanaticism ever justified? Is there luck in life, or is everything determined by God's will? The title of this five-volume

commentary is *The Rational Bible* because its approach is entirely reason based. The reader is never asked to accept anything on faith alone. In Dennis Prager's words: "If something I write is not rational, I have not done my job." Few people alive today have influenced as many people as has Dennis Prager. In the words of the website Powerline, Dennis Prager is probably the foremost public intellectual of our time. Read *The Rational Bible* and you will understand why.

*A New Israel* Bernard Avishai, 1990. This incisive collection of essays chronicles events in Israel from the aftermath of the war of 1973 to the decline of Golda Meir, the advent of Menachem Begin, the rise of the Likud, and the deeply troubling events of the ongoing Palestine Intifada.

*America*, 1912. The Jesuit review of faith and culture, Nov 13, 2017.

**The Exodus Narrative** Lisa Sari Dushkin, 1998.

**Performance & Reality** Ben Sonnenberg, 1989. Essays discuss literature: Dreiser, Hemingway, Forster, opera, the Constitution, and history.

**Jewish Spectator**, 1985.

Problems in Contemporary Jewish Theology Dan Cohn-Sherbok, 1991. This is an exploration of the nature of Jewish theology in the modern world. Containing contributions by some of the most distinguished Jewish theologians of the 1990s, this volume examines a wide range of issues confronting Jewish theology and charts a path for future investigation.
