

READING COMPREHENSION

Alice came upon a little three-legged table made of solid glass. There was nothing on it but a tiny golden key. On looking around a second time, she saw a low curtain and behind it was a little door about fifteen inches high. She tried the key in the lock, and to her great delight it fitted!

Alice opened the door and found that it led into a small passage, not much larger than a rat hole. She knelt down and looked along the passage into the loveliest garden you ever saw. But she was much too large to get in.

She went back to the table. This time she found a little bottle with 'Drink Me' beautifully printed on its label.

Alice ventured to taste it, and, finding it very nice (it had, a sort of mixed flavour of cherry tart, custard, pineapple, roast turkey, toffy, and hot buttered toast), she finished it off.

"What a strange feeling!" said Alice. "I must be shutting up like a telescope!" And so, it was indeed! She was now only ten inches high and the right size for going through the little door.

Read the above passage carefully and answer the questions.

1. What did Alice find on the table the second time?
