

Inversion in Grammar

Inversion in English grammar is when the normal word order of a sentence is reversed – typically switching the subject and the verb. It's often used to add emphasis, sound more formal, or ask questions.

In normal English sentences, the structure follows this pattern:

- **Subject + Verb + Object**

✔ Example: 🏠 **She is** coming to the party.

With inversion, the structure flips to:

- **Verb + Subject + Object**

🔄 Example: 🏠 **Is she** coming to the party?
