

Unit IV: CRIMINOLOGY (final exam)

Tuesday, Thursday, Tuesday material
2 chapters: chapter 7 and 9 (only 8)

Chapter 7: social process theories

Edwin Sutherland: famous historical criminologist

- invented the phrase "white collar crime"
- 1939: wrote Principles of criminology (VERY FIRST CRIMINOLOGY TEXTBOOK WRITTEN)
- Started as sociologist
- Came up with theory of differential association (originally never meant to be a theory)
 - o Probably best theories criminologist may have
 - o Very first cognitive social learning theories in criminology (more than just sociologist, also psychologist)

Influenced Sutherland:

T. Seltin: Culture conflict theory: different cultures believed in different things

Gabriel Tarde: Law of imitation

Artistic: the doctrine of pleasure (everybody needs to have fun/pleasure)

1914:

- Learning: permanent change as a result of change
 - o John Locke and Thomas Hobbes: we learn from experience, past, "have learnt from before"
 - o J. Watson: we learn from our environment (famous for "Little Albert")

"Little Albert": experiment where Albert was conditioned to be afraid of white animals

- o Ivan Pavlov: classical conditioning (suggested stimulus response)

Classical conditioning: ring a bell for food and dog will learn to salivate at that time

- o E. L. Thorndike: puzzle box (cat in a puzzle box with food at the finish, the cat finds its way out => law of good effect: behavior followed by good effect is repeated)
- o B. F. Skinner: classical condition is stimulus response coming up with operant conditioning
- o He says he can explain any behavior with...
 - Stimuli
 - Response (what did you do)
 - Consequences

Consequences:

1. **Reinforcement:** increases likelihood of the response
 - a. Positive: adding something
 - b. Negative: removing it
2. **Punishment:** decreases likelihood of response
 - a. Positive: adding something
 - b. Negative: removing something

Social learning theory: more to it than stimulus response and consequences (mind matters)

S → R → R → C

Albert Bandura: humans have capability of learning by watching others

Acquiring info vicariously through others and observation

Cognitive theory: identical people in the same situation may interpret things differently; there's a lot more to it

Criminology Study Guide

RJ Alexander

Criminology Study Guide:

The Enigmatic Realm of **Criminology Study Guide**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Criminology Study Guide** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
