[The Economics of Instalment Selling](#) Edwin Robert Anderson Seligman,1927      **The Economics of Instalment Selling: Credit Risks** Edwin Robert Anderson Seligman,1927      **Restitution** Lionel D. Smith,2018-01-18 This title was first published in 2001 In the Western legal tradition the history of restitution for unjust enrichment reaches back to pre classical Roman law In common law the roots of unjust enrichment may be said to lie in the fourteenth century but its history as a subject of academic study is much shorter The law of restitution has become increasingly important in the courts of the common law world during the last decade This has generated a great deal of scholarly attention and there has been an explosion of literature as legal academics have addressed the theoretical foundations of the subject its structure and its underlying principles This volume collects the most important elements of that literature organized thematically to show how the subject is developing and where it is likely to go in the future

[The Microeconomics Anti-Textbook](#) Rod Hill,Tony Myatt,2021-12-02 Mainstream textbooks present economics as an objective science free from value judgements The Microeconomics Anti Textbook demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this fully updated and expanded edition of their celebrated book Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear

and concise way before presenting an anti text analysis and critique Challenging the assumptions arguments and models Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students *The Economics of Farm Relief* Edwin Robert Anderson Seligman,1929 Discusses the economic factors of farm relief including production and disposition costs program regulation and equalization and the functions of a farm relief board *The Economics of Instalment Selling: Recourse or Non-Recourse* Edwin Robert Anderson Seligman,1927 **University Bibliography** Columbia University.
